MEMORANDUM FOR ROSALYN KELLY

FROM: Debbie Fine

SUBJECT: Meeting Request with National Association of Social Workers

Mike Lux would like to request that Carol Rasco meet with the National Association of Social Workers (NASW) at some point in the near future. NASW has consistently been actively supportive of the President - both during the campaign and throughout his term so far. They feel that they do not have a relationship with anyone in the Domestic Policy Council and expressed this recently to Mike. He believes that a meeting with Carol Rasco would be very helpful, and politically important for us to do.

Sue Hoechstetter is the contact in the government relations department at NASW. She will be calling your office to see about setting something up. Thanks for your help.
