**Chairman Jaczko's Supplemental Comments on  
SECY-11-0028, "Options for Implementing an Alternative Interim Regulatory Approach to  
the Minimum Days Off Provisions Of 10 CFR Part 26, Subpart I, Managing Fatigue"**

I appreciate Commissioners Apostolakis' and Ostendorff's support for use of an accelerated limited scope rulemaking to provide an alternative requirement to the non-outage minimum days off requirements in 10 CFR Part 26, Subpart I. Considering the much shorter timeframe it will take to issue an accelerated limited scope rulemaking, I agree with my colleagues that the use of enforcement discretion that is tied to the implementation of an accelerated limited scope rulemaking would be appropriate in this circumstance.
