12.3 Physical Demands

- A. Contract employees are expected to be physically able to perform the following tasks or functions in the performance of their assigned duties:
 - a. Frequent and prolonged walking, standing, sitting, and stooping, up to 12 hours per day, either indoors or outdoors, during daytime or nighttime. Outdoor posts may require the individual to withstand extreme heat, humidity, cold, and/or severe weather (e.g., snow, sleet, rain, hail, wind) for up to four hours without shelter. Many posts have no chair/seating available; thus, the individual must be able to stand for up to four consecutive hours.
 - b. Frequent contact with the general public, law enforcement, and dispatch center, requiring the ability to speak clearly and distinctly and remain calm in stressful situations (e.g., confrontations with angry, distraught, disturbed, or violent persons).
 - c. Ability to remain on post up to four consecutive hours without eating, drinking, or relieving bladder/bowels.

- d. Ability to maintain a high degree of alertness for up to 12 hours, with the ability to mentally and physically react quickly to a variety of unexpected and dangerous situations. Use of senses (sight, hearing, smell, touch) is necessary to discern unusual or dangerous situations.
 - e. Ability to use post security equipment (magnetometers, X-rays, CCTV); ability to use handcuffs, baton, and (where required by post assignment) firearm at any time while on duty.

- B. Individuals deemed incapable of performing the above tasks or functions will be removed from the Contract upon the CO's request.
- C. The Contractor shall be responsible for encouraging and promoting employees assigned to this Contract to maintain an ongoing and regular program of physical fitness, at no cost to the Government.

12.4 Initial and Recurring Screening for Illegal Drugs

- A. As part of the medical examination, all Contract employees must submit to an initial urine drug screening that tests for the following five (5) substances at the following cutoff levels (nanogram per milliliter, ng/ mL):

<u>Substance</u>	<u>Cutoff Level (ng/mL)</u>
Marijuana metabolites	50
Cocaine metabolites	300
Opiate metabolites	2,000
Phencyclidine	25
Amphetamines	1,000

- B. The Contractor will perform random drug screening of 5% of the guard force assigned to this contract over a 12- month period. Contract Security Guards must resubmit to a urine drug screening upon renewal of physical forms every three years.

- C. Drug screening methodology shall conform to the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration's (SAMHSA) "Mandatory Guidelines for Federal Workplace Drug Testing Programs." These guidelines can be accessed via the Internet at: www.health.org/GDLNS-94.htm or at: <http://wmcare.samhsa.gov>.¹ The Contractor is strongly urged to use one of the laboratories listed on SAMHSA's "*Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies*," which is accessible via the Internet at: www.health.org/labs/index.htm or at: <http://wmcare.samhsa.gov>. This list is updated on a monthly basis. If the Contractor chooses to use a laboratory not shown on SAMHSA's current list, the Contractor must verify whether the laboratory's methodology conforms to SAMHSA's guidelines prior to utilizing that laboratory to perform drug screenings.
- D. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this Contract, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the Contract may be modified to permit the use of those methods.
- E. The presence of a positive reading for *any* of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor *shall not* permit any applicant to take multiple tests in order to receive an acceptable reading.
- F. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each Contract employee. All costs must be factored into the offering prices.

12.5 Government Requested Screening

- A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the Contract employee(s) may be under the influence of or using illegal substances. Targeted screenings shall be conducted in a similar fashion to random screenings, with the exception that the CO will advise the CM in writing that s/he requests a drug screening of a specific security guard. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the Contract employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described in paragraph 15.4 above.
- B. Contract employees who undergo targeted urine drug screenings may continue working under the Contract until the results have been provided to the Contractor. In the event that the results of any urine drug screening are negative, the Government shall bear the expense of the screening. This does not apply to the pre-employment urine drug screening. In the

¹ The cutoff level for Opiate metabolites listed in the internet-ready guidelines is 300; however, that number has been revised by SAMHSA and the new cutoff level is shown in paragraph (A) above.

event that the results are positive, the Contractor shall immediately remove the Contract employee(s) with a positive reading from the Contract and immediately inform the COTR and CO of the result and the employee's removal from the Contract. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.

- C. Any Contract employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period, the affected Contract employee *shall not* be authorized to take additional tests to achieve an acceptable reading.

13 Conduct of Contractor Personnel

- A. In accordance with the SGIM, the Contractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, appearance, and integrity, and shall be responsible for taking such disciplinary action with respect to his employees as may be necessary.
- C. The COTR may recommend to the CO that the Contractor immediately remove any employee from any or all locations where the contractor has contracts with the FPS if the employee is not maintaining satisfactory performance in accordance with the Contract or the SGIM. Additionally, the employee may be removed if he/she has been disqualified for employment suitability, performance suitability, or security reasons, or who is found to be unfit for performing security duties during his/her tour of duty. The CO will make all determinations regarding the removal of any employee from any or all locations where the contractor has contracts with the Federal Protective Service. In the event of a dispute, the CO will make the final determination. Specific reasons for removal of an employee will be provided to the Contractor in writing.
- D. Notification of Arrest: Guards working under this contract shall notify his contractor within 12 hours of their arrest. The contractor will notify the COTR within 12 hours of the guard's notification. Failure of the guard to do so may result in a request of removal from this contract.

14 Contract Employee Reinstatements

- A. When the Government takes action that may impact upon the suitability or work fitness status of a Contract employee, the Contractor may appeal the decision to the CO.
- B. If the CO made the initial decision, a senior manager within the FPS Regional Office or headquarters Security and Law Enforcement Division will review the appeal. The appeal decision will be provided to the Contractor in writing with a brief explanation of the decision to uphold or reverse the CO's decision.
- C. While the appeal is being considered, the employee shall not work under this Contract.

The Contractor shall provide to each uniformed Contract employee a legible, securely bound copy of the SGIM upon beginning the basic training course.

17 Security Guard Certification /Security Requirements

17.1 General

- A. All personnel performing on this Contract must pass a suitability determination conducted by the Government. Contractor personnel will not be able to perform under this Contract until appropriate suitability determinations have been made. The Government will provide all necessary forms at the time of Contract award. The DHS Office of Security will accept only complete and legible security packages. Therefore, all personnel must provide the required information and documents to the COTR within 10 calendar days after Contract award.
- B. The Contractor should follow the procedures listed below to obtain an FPS certification card for each Contract employee:
 - 1. Conduct an initial employment screening to determine whether the prospective employee meets the Contractor's specific hiring requirements and the Contract eligibility requirements, including medical and drug testing (see Section 12 above);
 - 2. Submit the suitability package to the COTR and await the results of the adjudication. This process may take approximately one to three months if all forms are legible and complete. However, preliminary suitability is usually determined within a week of the submission of the paperwork. The Contractor will be notified whenever there is an instance where there is a preliminary unfavorable adjudication decision so that the Contractor can determine how to proceed with the employee's training, testing, etc.
 - 3. Schedule required Government-provided training and testing/qualifying with FPS and schedule/conduct all other Contractor-provided training requirements;² this does not include the FPS Written Exam.
 - 4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the

² The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process.

Contractor shall submit the following information to the COTR for an FPS certification card:

- a. Certification. A certification, signed by the Contract Manager, that the employee has met all the requirements set forth in Section C and that all pertinent documents are on file at the Contractor's facility. (See Exhibit 6.)
 - b. Photographs. Two color photographs, 1" x 1," no more than one year old, of the guard's head and upper shoulders; and
 - c. Contract Guard Qualification Certificate. The guard's name, and the name of the Contractor's company must be typed on the front of the card, and the guard must sign the signature block in blue or black ink.
 - d. Lautenberg Amendment Statement. Armed guards must submit a signed and dated "Domestic Violence" certification that satisfies the legal requirements of the Lautenberg Amendment, 18 U.S.C. § 922(g)(8) and (9). This certification is valid for one (1) year. The Contractor shall maintain a file of its guards' certifications and provide the COTR a signed statement certifying compliance with this requirement. If at any time a guard has a disqualifying event under Lautenberg, the Contractor shall notify the COTR and immediately remove the guard from work under the contract that may require use of a firearm. The Contractor shall submit a new certification to the COTR stating that all its guards are in compliance with the Lautenberg Amendment annually.
- C. The certification card shall be worn on the outermost garment of the guard's uniform.
- D. As determined by the COTR, The Contractor is responsible for the employees having all required certification credentials in their possession at all times while on the protected premises. This includes not only the FPS certification card, but also a valid CPR/AED/First Aid card and a valid firearms permit.
- E. The Contractor must return employees' certification card to FPS within five (5) workdays upon the termination of the guard's employment or the guard's removal from the contract. At the end of the contract period, the Contractor must return to FPS all blank cards and all completed cards for guards who will not continue to work under FPS contracts. Possession of an FPS certification card does not waive any other contract requirement.
- H. Because the Certification card does not expire when individual certification elements expire, the Contractor is responsible for continually maintaining validity of each element of the Contract employee's certification status (i.e., suitability determination, medical examination, firearms re-qualification, CPR/AED/First Aid certification). See Exhibit 11.
- I. The CO shall have the express authority to demand return of the FPS Certification card for any Contract employee who does not maintain compliance with the Contract qualification and certification standards, and the CO shall have the express authority to prohibit that

employee from performing under the Contract until such time as s/he comes into full compliance with all qualification/certification criteria.

17.2 Security Management

- A. The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the DHS Security Office through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.
- B. The COTR and the Security Office shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this Contract. Should the COTR determine that the Contractor is not complying with the security requirements of this Contract, the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

17.3 Suitability Determination / Entry on Duty Decision

- A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the Contract. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contract employees assigned to the Contract not needing access to sensitive DHS information or recurring access to DHS' facilities will not be subject to security suitability screening.
- B. Contract employees awaiting an EOD decision may begin work on the contract provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the contract employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

17.4 Suitability Adjudication

- A. After award of the Contract and prior to any Contract employees being permitted to work under the Contract, the Contractor is responsible for ensuring that the Contract employees

receive formal suitability adjudication by FPS. All Contract employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.

B. Once a prospective Contract employee has applied for a position and has been favorably evaluated by the Contractor (i.e., meets the minimum qualification requirements cited in this Statement of Work and otherwise meets the Contractor's hiring criteria), the Contractor shall submit to the COTR the following Government furnished forms for each Contract employee:

1. Two (2) completed original Forms FD-258, "Fingerprint Chart;"
2. Standard Form 85P, "Questionnaire for Public Trust Positions";
3. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions";
4. DHS Form 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports pursuant to the Fair Credit Reporting Act";
5. Foreign National Relatives or Associates Statement;
6. Lautenberg Amendment Statement;
7. Drug Questionnaire;
8. Alcohol Questionnaire ;
9. Financial Disclosure Report;
10. Contractor Information Worksheet.

C. Contractors are required to use local police, the state police, the Federal Bureau of Investigation (FBI), or FPS regional offices to obtain readable fingerprints on the fingerprint cards. In certain locations, FPS may have an electronic fingerprint-scanning machine, which the Contractor is encouraged to use for fingerprinting Contract employees. Upon receipt of the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS will use the information provided by the Contractor and the FBI to make a determination regarding the security guard's suitability to work under an FPS Contract. If the forms are complete and legible, the entire evaluation process will take from one (1) week to several months, depending on current processing times. For planning purposes, the Contractor should always assume that the standard processing time is one (1) month and should plan paperwork submissions accordingly. Standard Form 85P, "Questionnaire for Public Trust Positions" Form must be submitted via OPM "e-QIP" (electronic Questionnaires for Investigation Processing)".

1. ELECTRONIC SUBMISSION-OPM "e-QIP" Process: Fill out the ICE "Contractor

Information Worksheet”, proofread for completeness. Send it to the FPS COTR. They can fax or mail to the FPS Regional Contract Suitability Adjudication Office for continued processing.

- D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in delays in the adjudication process. Therefore, the Contractor must ensure that all forms submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any delays that occur due to the Contractor’s failure to submit complete, accurate, and legible forms to FPS.
- E. All federal agencies are required to implement Homeland Security Presidential Directive 12 (HSPD-12) and must follow the minimum background investigation requirements of National Agency Check with Written Inquiries (NACI) or other suitability or national security investigation prior to credential issuance.
- F. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s).
- G. If FPS finds a Contract employee to be unsuitable to work as a result of the suitability investigation under the Contract, the Contractor shall be advised immediately that such employee cannot work or be assigned to work under the Contract, and the Contractor shall in turn immediately remove the affected employee from the Contract. The security guard or the Contractor may appeal the suitability determination to the CO. However, in such cases the Contractor shall proceed with the hiring process at their own risk until the final determination of the security guard’s suitability has been accomplished. Under no circumstances shall a Contract employee who has received a notice of unfavorable (unsuitable) adjudication work under this or any FPS security guard service contract. This requirement also applies to Contract employees whose unfavorable adjudication is pending appeal. Disqualifying information includes but is not limited to the following:
 - 1. Conviction of a felony, a crime of violence, or a serious misdemeanor;
 - 2. Possessing a record of arrests for continuing offenses;
 - 3. Falsification of information entered on suitability background investigation forms.
- H. Once a favorable adjudication has been made by FPS, the security guard is suitable to work under the Contract for five (5) years (if nothing occurs within the 5-year period that would render the security guard unsuitable for continuing performance under the Contract). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any Contract employee’s suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the security guard’s suitability clearance prior to its expiration. Any security guard who continues to

work under the Contract after his/her suitability clearance has expired shall be removed from the Contract until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date.

1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.
 2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.
- I. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the security guards' current suitability clearances expire.
1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, "Suitability Screening Requirements for Contractors" to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.
 2. Lawful Permanent Residents are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.
- J. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate, authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

18 Security Clearance Requirements

18.1 Background Investigations

- A. In addition to meeting the FPS background suitability check described in Section C, additional security clearances may be required by the Contract and task order(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Section J, Exhibit 6C for further information as to whether this

Contract will require such clearances). Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the Contract. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.

- B. The Government shall notify the Contractor of the required security classification of this Contract and the elements thereof, and of any subsequent revisions in such security classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.
- C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at www.dss.mil or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at www.dss.mil; for DOE clearances at www.doe.gov; and for NRC at www.nrc.gov. Each designated employee must complete all applicable forms. The Contractor shall notify the COTR in writing within five calendar days of receipt of authorization for employees to be assigned to classified areas. (See Part III, Section J, Exhibit 6A, Security Clearance Requirements).
- D. A security clearance determination of whether an individual should be eligible for access to classified information is a process separate and distinct from the suitability determination and is conducted in accordance with DHS MD 11035, Industrial Security Program. For contractors processed in accordance with DHS MD 11035, the investigative standard for access to Secret classified information will be a MBI. The minimum investigative standard for access to Top Secret classified information will be a SSBI. Each designated employee must complete all applicable forms.
- E. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each Contract security guard employee performing under this Contract, as well as the firm employees, who may, in the performance of this Contract, visit the work site.
- F. Contract employees (to include applicants, temporaries, part-time and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees with adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees shall submit the following completed forms to the

Security Office, through the COTR, no less than 30 days before the starting date of the Contract or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.

- c. Lautenberg Amendment Statement (plus one copy)
- d. FD Form 258, "Fingerprint Card" (2 copies)
- e. Foreign National Relative or Associates Statements
- f. DHS 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act"

Specific instructions on submission of packages will be provided upon award of the contract. Standard Form 85P, "Questionnaire for Public Trust Positions" Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing). (For the Electronic Submission process refer to Chap. 17.4C.1 above).

- G. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected Contract employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.
- H. The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability requirements of DHS. DHS will likely consider as being unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.
- I. Unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

18.2 Access To Classified Information (Contractor)

- A. The DHS has determined that the performance of this Contract requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.
- B. See Section J, Exhibit 6C, Security Suitability Requirements, for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this Contract are required to possess up to a TOP SECRET security clearance.
- C. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, DHS MD 11035 (Industrial Security Program), and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.
- D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Contractor shall hold as a minimum, interim facility clearance requirements subsequent to the official award date, and/or at least thirty- (30) days prior to the Contract start-up date.
- E. Interim Personnel Clearance Level – Applicants for SECRET may be routinely granted a interim personnel clearance level as appropriate, provided there is not evidence of adverse information of material significance. The interim status will cease if results are favorable following completion of full investigation requirements. **Non-U.S. citizens are not eligible for access to classified information on an interim basis.**
- F. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor must possess a TOP SECRET facility clearance consistent with the DHS MD 11035, Industrial Security Program prior to Contract award. If an uncleared firm is selected, DHS will sponsor the firm for the facility clearance. If the facility clearance is not issued within 180 days, DHS may terminate the Contract for the convenience of the Government.

18.3 Continued Eligibility

- A. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the

individual will be formally notified and informed of the reason(s). If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the Contract.

- B. The Security Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.
- C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this Contract.
- D. The Contractor will immediately report any adverse information coming to their attention concerning contract employees under the contract to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees' name and social security number, along with the adverse information being reported.
- E. The Contractor must notify the Security Office of all terminations/resignations within five (5) days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the Contract employee is assigned for duty, and the tenant agency provided the Contract employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the Contract, whichever comes first. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

19 Contractor's Personnel Filing System

- A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this Contract. Files shall be maintained at the Contractor Manager's office and will be made available to the COTR on a continuous basis. Each guard's file must contain the following information:

- C. The CO or COTR can request, at any time during the course of the Contract, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all Contract employees pertaining to Contract requirements.

- D. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.
- E. False statements, certification, or falsification of any documents required in this Contract by the Contractor, Contract Manager, or any Contract employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

20 Performance Evaluations

- A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis, but not less than annually.
- B. The Government shall formally evaluate, in writing, the Contractor's performance *at least* once per year. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor's response shall be filed in the Contract file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor's complete concurrence with the findings of the performance evaluation. The CO and/or COTR shall meet with the Contractor prior to all performance evaluations to discuss the results of the Government's quality control findings and the overall performance of the Contract by the Contractor.
- C. The Government shall use the performance evaluations as a factor to determine whether to exercise any available option period and/or as a factor to determine whether to award any future Contract(s) to the Contractor.

SECTION J, EXHIBIT 4F

ANNUAL GUARD WEAPONS QUALIFICATION REQUIREMENTS

The following information is being provided to ensure that all personnel of Contract Guard Companies working on FPS/DHS guard contracts comply with the guidelines outlined herein.

All security officers reporting for their Annual Weapon Qualification sessions are required to have an Exhibit 8A or a FPS weapons card **which** must be submitted prior to the safety test portion of the session. The following instances require the security officer to have an Exhibit 8A:

1. All security officers who are new hires must have an Exhibit 8A indicating they have received 32 hours of Firearms Training.
2. All security officers transitioning to a new weapon system (revolver to a Semi Auto or Semi Auto to revolver) must have received 32 hours of Firearms Training on the new weapon system.
3. All security officers who failed their previous qualification session must receive a **minimum** 8 hours of remedial firearms training from the contractor before attempting to re-qualify.
4. All security officers who do not have a **current** FPS weapons card must have an Exhibit 8A documenting that they have received a **minimum** of 8 hours of remedial firearms training.

Additionally, Security Officers are required to wear appropriate attire at their Weapon Qualification sessions. The preferred attire should include issued uniform with gun belt and keepers, and their issued footwear (shoes or boots). But, if the security officer is a new hire, casual wear is authorized and shirts must be tucked inside pants to ensure belt keepers are utilized properly. At no time will athletic wear (Sweat pants, tank tops, open toe shoes or flip flops) be allowed. Note- All expired cards will be confiscated.

If the security officer fails the firearm safety test or fails to qualify on their weapon, the FPS representative monitoring the procedures **will** immediately confiscate the security officer's weapons card. This will occur with no exceptions. It is the responsibility of the firearms instructor to notify the contractor of said failure to ensure the security officer does not report to an armed post.

Before the safety test, the security officer will be advised of the down range area and muzzle direction. The weapon will be set down on the table with dummy rounds to the side of it, and, the cylinder/chamber will be closed. Once the safety **test** begins the security company instructor will give only the commands written on the score sheet. Instructors are not allowed to coach or coax the security officers. Instructors may repeat a command if the security officer does not hear or understand the command. The commands are:

REVOLVER

(Demonstrate the following)

Pick up the weapon – The security officer will pick up the weapon, physically and visually check and say that the weapon is clear. (The only times during the test that the security officer's finger should be on the trigger is when he/she is actually ready to pull the trigger)

SECTION J, EXHIBIT 4E, continued

Load the weapon - The security officer will load the weapon and **ensure that the weapon is pointed down range from that moment forward** until the weapon is unloaded.

Fire the weapon in single action - The security officer will pull the hammer back and cock the weapon, then pull the trigger.

Fire the weapon in double action - The security officer will pull the trigger.

SECTION J, EXHIBIT 4F, continued

Lower the hammer on a live round - The security officer will cock the weapon, insert weak-hand thumb between the hammer and the frame, pull the trigger releasing the hammer; *the hammer MUST come to a complete rest on the thumb*. Remove trigger finger from the trigger, place shooting-hand thumb on the spur of the hammer, slowly lowering and controlling the hammer as he/she removes his/her weak-hand thumb.

Unload the weapon - The security officer will open the cylinder, remove the rounds, check and say the weapon is clear.

Bench a safe weapon - The security officer will place the weapon on the table with the cylinder open.

SEMI AUTOMATIC

(Demonstrate the following)

Pick up the weapon – The security officer will pick up the weapon, physically and visually check and say that the weapon is clear. (*The only times during the test that the security officer's finger should be on the trigger is when he/she is actually ready to pull the trigger*)

Load the weapon and holster - The security officer will insert the magazine securely, pull the slide to the rear and release to chamber a round, and holster, *ensure that the weapon is pointed down range* from that moment forward while the weapon is out of the holster until the weapon is unloaded.

Demonstrate immediate action - The security officer will **tap** the magazine to ensure that it's seated properly, **rack** the slide to remove any defective rounds, and **reassess** the threat to fire if necessary.

Demonstrate secondary immediate action - Only the task identified below will be accepted for the safety test purposes when performing secondary immediate action. The company instructor will insert a dummy round into the barrel of the weapon, then insert a loaded magazine. Once the magazine is locked in place, the slide is to be released creating a double feed. The weapon will then be given back to the security officer to demonstrate the proper secondary immediate action clearing procedure.

The procedure to clear the magazine involves the security officer pushing in the magazine release while he/she **rips** the magazine from the weapon, **working** the slide several times to ensure that the weapon is cleared. Then he/she inserts a new magazine, **racks** the slide to chamber a round, and **reassesses** the threat to fire, if necessary.

Unload the weapon - The security officer will remove the magazine, rack the slide several times to remove the chambered round, check and say the weapon is clear.

SECTION J, EXHIBIT 4F, continued

Bench a safe weapon - The security officer will place the weapon on the table with the slide locked to the rear.

Range rules

1. All stages of fire will be timed. Instructors **must** have a stop watch, whistle and a copy of the course of fire, otherwise the security officers **will not be certified** and the range date will be cancelled, because of inadequate equipment.
2. Security officers are allowed only two qualification attempts per range date.
3. Weapons will be snapped in every time the security officer holsters his/her weapon.
4. Security officers will not be allowed to shoot if his/her weapon does not fit into his/her holster.
5. Any violation of safety is grounds for immediate removal from the range.
6. Security officers are not allowed to shoot after the stop whistle (1st violation deduction of 5 points 2nd violation removal from the range for not following range instructions)
7. If the security range instructor is caught cheating or trying to circumvent the rules and procedures the range date will be cancelled and all scores will be nullified.
8. Alibis will only be given for proper use of immediate or secondary immediate action, no alibi for being slow and not getting rounds off. There are only four (4) accepted alibis as follows:
 - A malfunctioning weapon
 - Bad ammunition
 - Instructor error
 - Target malfunction,, e.g., target not turning, target falling off carrier

Please direct any questions or concerns to the chief of training **(703) 235-6147**, because we want to hear from you. The FPS instructor on scene will advise the security instructor of any infraction that he/she observes. However, keep in mind that the FPS instructor does not have time to debate or argue decisions made during the testing period.

§102-74.365—To whom does this subpart apply?

The rules in this subpart apply to all property under the authority of GSA and to all persons entering in or on such property. Each occupant agency shall be responsible for the observance of these rules and regulations. Federal agencies must post the notice in the Appendix to this part at each public entrance to each Federal facility.

Inspection

§102-74.370—What items are subject to inspection by Federal agencies?

Federal agencies may, at their discretion, inspect packages, briefcases and other containers in the immediate possession of visitors, employees or other persons arriving on, working at, visiting, or departing from Federal property. Federal agencies may conduct a full search of a person and the vehicle the person is driving or occupying upon his or her arrest.

Admission to Property

§102-74.375—What is the policy on admitting persons to Government property?

Federal agencies must—

- (a) Except as otherwise permitted, close property to the public during other than normal working hours. In those instances where a Federal agency has approved the after-normal-working-hours use of buildings or portions thereof for activities authorized by [subpart D](#) of this part, Federal agencies must not close the property (or affected portions thereof) to the public;
- (b) Close property to the public during working hours only when situations require this action to provide for the orderly conduct of Government business. The designated official under the Occupant Emergency Program may make such decision only after consultation with the buildings manager and the highest ranking representative of the law enforcement organization responsible for protection of the property or the area. The designated official is defined in [102-71.20](#) of this chapter as the highest ranking official of the primary occupant agency, or the alternate highest ranking official or designee selected by mutual agreement by other occupant agency officials; and
- (c) When property or a portion thereof is closed to the public, restrict admission to the property, or the affected portion, to authorized persons who must register upon entry to the property and must, when requested, display Government or other identifying credentials to Federal police officers or other authorized individuals when entering, leaving or while on the property. Failure to comply with any of the applicable provisions is a violation of these regulations.
