ACCESS TO LEGAL MATERIALS

POLICY: FACILITIES HOLDING ICE DETAINEES SHALL PERMIT DETAINEES ACCESS TO A LAW LIBRARY, AND PROVIDE LEGAL MATERIALS, FACILITIES, EQUIPMENT, DOCUMENT COPYING PRIVILEGES, AND THE OPPORTUNITY TO PREPARE LEGAL DOCUMENTS.

COMPONENTS	YES	NO	NA	REMARKS
The facility provides a designated law library for detainee use.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The facility has a designated law library which contains a good inventory of law and legal resources. Law library resources are taken to the units for detainee use rather than bringing detainees to the library.
The law library contains all materials listed in the "Access to Legal Materials" Standard, Attachment A. The listing of materials is posted in the law library.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	A listing of materials is posted in the library and in the housing units.
The library contains a sufficient number of chairs, is well lit, and is reasonably isolated from noisy areas.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Since inmates/detainees do not go to the library, they complete an Inmate Request Form (IRF), and staff delivers the law books and other legal materials to them.
The law library is adequately equipped with typewriters and/or computers, and has sufficient supplies for daily use by the detainees.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Typewriters and other supplies are delivered to the units when requested.
In addition to the physical law library, detainees have access to the Lexus Nexus electronic law library.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	A LexisNexis station is available in a room in the booking department.
Where provided, the Lexus Nexus library is updated and is current.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Outside persons and organizations are permitted to submit published legal material for inclusion in the legal library. Outside published material is forwarded and reviewed by ICE prior to inclusion.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	There have been no requests or submittals; however, such inclusion is permitted by the facility.
There is a designated ICE or facility employee who inspects, updates, and maintains/replaces legal materials and equipment on a routine basis.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The facility Program Manager is responsible for oversight of the law library operation.
Detainees are offered a minimum 5 hours per week in the law library. <u>Detainees are not required to forego recreation time in lieu of library usage.</u> Detainees facing a court deadline are given priority use of the law library.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Detainees may request and use law books and materials in the units in excess of 5 hours per week if needed. There is a two book limitation per request.
Detainees may request materials not currently in the law library. Each request is reviewed and, where appropriate, an acquisition request is timely initiated. Requests for copies of court decisions are accommodated within 3 – 5 business days.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	If the facility does not have the resources available, requests are forwarded to ICE.
Detainees are permitted to assist other detainees, voluntarily and free of charge, in researching and preparing legal documents, consistent with security.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

ACCESS TO LEGAL MATERIALS

POLICY: FACILITIES HOLDING ICE DETAINEES SHALL PERMIT DETAINEES ACCESS TO A LAW LIBRARY, AND PROVIDE LEGAL MATERIALS, FACILITIES, EQUIPMENT, DOCUMENT COPYING PRIVILEGES, AND THE OPPORTUNITY TO PREPARE LEGAL DOCUMENTS.

COMPONENTS	YES	NO	NA	REMARKS
Illiterate or non-English-speaking detainees without legal representation receive access to more than just English-language law books after indicating their need for help.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The detainee would speak directly with unit staff regarding this issue, or submit an IRF to seek assistance.
Detainees may retain a reasonable amount of personal legal material in the general population and in the special management unit. Stored legal materials are accessible within 24 hours of a written request.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Detainees housed in Administrative Detention and Disciplinary Segregation units have the same law library access as the general population, barring security concerns. Detainees denied access to legal materials are documented and reviewed routinely for lifting of sanctions.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
All denials of access to the law library fully documented.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Denials would be documented through the facility disciplinary process.
Facility staff informs ICE Management when a detainee or group of detainees is denied access to the law library or law materials.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Detainees who seek judicial relief on any matter are not subjected to reprisals, retaliation, or penalties.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

REMARKS:

The facility has a large law book inventory and a LexisNexis station available to the detainee population. Detainees request law books or access to the LexisNexis by submitting an IRF. CLASSIFICATION SYSTEM

POLICY: ALL FACILITIES WILL DEVELOP AND IMPLEMENT A SYSTEM ACCORDING TO WHICH ICE DETAINEES ARE CLASSIFIED. THE CLASSIFICATION SYSTEM WILL ENSURE THAT EACH DETAINEE IS PLACED IN THE APPROPRIATE CATEGORY, PHYSICALLY SEPARATED FROM DETAINEES IN OTHER CATEGORIES

COMPONENTS	YES	NO	NA	REMARKS
The facility has a system for classifying detainees. In CDFs and IGSA's, an Objective Classification System or similar is used.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The facility uses a Primary Security Level Assignment Form. This document uses objective risk factors (i.e., current offense, assaultive behavior, prior record, felony convictions, escape history, and detainers/warrants) to assess security levels and to make housing assignments.
The facility classification system includes: <ul style="list-style-type: none"> Classifying detainees upon arrival; Separating from the general population those individuals who cannot be classified upon arrival; and The first-line supervisor or designated classification specialist reviewing every classification decision. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Detainees are moved from booking to the intake unit for secondary review and classification. Intake criteria may necessitate holding a maximum security or other high risk detainee in an SHU.
The intake/processing officer reviews work-folders, A-files, etc., to identify and classify each new arrival.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Although A-files are not kept at the facility, intake officers use a wide range of information to make classification assignments.
Staff uses only information that is factual, and reliable to determine classification assignments. Opinions and unsubstantiated/ unconfirmed reports may be filed but are not used to score detainees classifications.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Housing assignments are based on classification-level.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
A detainee's classification-level does not affect his/her recreation opportunities. Detainees recreate with persons of similar classification designations.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Detainee work assignments are based upon classification designations.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Detainees at this facility are not given formal work assignments.
The classification process includes reassessment/reclassification. At IGSA's, detainees may request reassessment 60 days after arrival.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Classifications are reviewed every 30 days at this facility.
Procedures exist for a detainee to appeal their classification assignment. Only a designated supervisor or classification specialist has the authority to reduce a classification-level on appeal.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	As described in policy, detainees may appeal by filing a grievance.
Classification appeals are resolved within five business days and detainees are notified of the outcome within 10 business days.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Classification designations may be appealed to a higher authority, such as the Warden or equivalent.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Appeals may go the Jail Commander.
The Detainee Handbook or equivalent for IGSA's explains the classification levels, with the conditions and restrictions applicable to each.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Although the classification process is described, an explanation of the different security levels is not provided.

REMARKS:

The facility uses an objective classification system in compliance with the NDS. An explanation of different security levels is not provided in the Handbook.

The official authorizing the rejection of incoming mail sends written notice to the sender and the addressee.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The facility uses a "contraband slip" to document rejections or the removal of contraband items from mail.
The official authorizing censorship or rejection of outgoing mail provides the detainee with signed written notice.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Staff maintains a written record of every item removed from detainee mail.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The removal of items is documented. The Warden or equivalent monitors staff handling of discovered contraband and its disposition. Records are accurate and up to date.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
The procedure for safeguarding cash removed from a detainee protects the detainee from loss of funds and theft. The amount of cash credited to detainee accounts is accurate. No restrictions are placed on detainees attempting to contact attorneys and legal service providers who are on the approved "Free Legal Services List".	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The facility has established procedures to ensure staff respond immediately to a hunger strike.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Policy meets the requirements.
Policy and procedure require that staff isolate a hunger-striking detainee from other detainees. <ul style="list-style-type: none"> • If yes, in an observation room? 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The striker would be moved to booking or SMU for observation. ACCESS TO MEDICAL CARE

POLICY: EVERY FACILITY WILL ESTABLISH AND MAINTAIN AN ACCREDITED/ACCREDITATION-WORTHY HEALTH PROGRAM FOR THE GENERAL WELL-BEING OF ICE DETAINEES.

COMPONENTS	YES	NO	NA	REMARKS
Facilities operate a health care facility in compliance with state and local laws and guidelines.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Minnesota DOC reviews the facility annually. The facility is not NCCHC, ACA or JCAHO accredited.
The facility's in-processing procedures for arriving detainees include medical screening.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	A detailed medical screening is completed by custody staff in accordance with policy.
All detainees have access to and receive medical care.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Newly-received inmates/detainees learn how to access medical care through: verbal communication during the initial screening; orientation when first assigned to housing; and the inmate handbook. The sick call process ensures all detainees have access to medical care, and they are exempt from the facility's \$5 co-pay for sick call visits. When asked, housing COs validated a comfort level communicating with medical staff on specific medical concerns.
The facility has access to a PHS/DIHS Managed Health Care Coordinator.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Staff confirms access to PHS/DIHS. Business cards and phone numbers were observed. Treatment Administration Records (TARs) were observed in detainee medical records.
The medical staff is large enough to provide, examine, and treat the facility's detainee population.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Only daytime and evening nursing coverage is provided; there is no overnight nursing coverage. Two registered nurses (RNs) are provided on days, and two during the evenings, Monday through Friday. A combination of two licensed practical nurses (LPNs) and one certified medical assistant (CMA) support the RN staff on each day/evening shift. This same combination of three staff (occasionally one LPN and two CMAs) also provide weekend coverage on the day and evening shifts. The medical doctor (MD) is independently contracted and provides: on-site coverage of approximately 5-7 hours every Monday, Wednesday and Friday; and on-call coverage 24/7. The dentist provides one on-site shift about every 3 weeks. A psychologist is contracted from Central Minnesota Mental Health to provide psychological health consultation on an as-needed basis.
The facility has sufficient space and equipment to afford detainee privacy when receiving health care.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Medical has two exam rooms and one procedure room. Dental has one operatory and one x-ray room. There is sufficient office space for staff and secured areas for medical records and medications.

ACCESS TO MEDICAL CARE

POLICY: EVERY FACILITY WILL ESTABLISH AND MAINTAIN AN ACCREDITED/ACCREDITATION-WORTHY HEALTH PROGRAM FOR THE GENERAL WELL-BEING OF ICE DETAINEES.

The medical facility has its own restricted-access area. The restricted access area is located within the confines of the secure perimeter.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Medical is located within the secure perimeter adjacent to central control.
The medical facility entrance includes a holding/waiting room.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	There is a holding area.
The medical facility's holding/waiting room is under the direct supervision of custodial staff.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Waiting detainees are always within direct observation of central control. Because medical schedules specific appointment times, smaller numbers of inmates are present in medical at one time. As a result, there is not a security escort or officer posted at medical unless a higher risk patient is to be seen. Panic buttons are readily available in each exam area.
Detainees in the holding/waiting room have access to a drinking fountain.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	There is a bathroom with a wash basin adjacent to the holding area. Medical will provide paper drinking cups to any inmate requesting one.
Medical records are kept apart from other files. They are: <ul style="list-style-type: none"> • Secured in a locked area within the medical unit; • With physical access restricted to authorized medical staff; and • Procedurally, no copies made and placed in detainee files. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Medical records are secured in a medical area separate from other records. Only authorized medical staff has access to the records.
Pharmaceuticals are stored in a secure area.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The pharmacy room is secured.
Medical screening includes a Tuberculosis (TB) test. <ul style="list-style-type: none"> • Every arriving detainee receives a TB test during the admission process; • Detainee's TB-screening does not occur more than one business day after his/her arrival at the facility; and • Detainees not screened are housed separate from the general population. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	At a minimum of 8+ times per day, the nursing staff goes to intake booking to plant PPD's on newly-received inmates/detainees. This happens prior to their being moved from booking to general population (GP) housing. Actual practice demonstrates inmates receive their TB test within hours of admission.
All detainees receive a mental-health screening upon arrival. It is conducted: <ul style="list-style-type: none"> • By a health care provider or specially trained officer; and • Before a detainee's assignment to a housing unit. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	A thorough mental health examination is completed immediately upon arrival to the facility. Trained booking officers conduct the screening prior to detainee movement into GP.
The facility health care provider promptly reviews all I-794s (or equivalent) to identify detainees needing medical attention.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	This occurs throughout the day. A review of 45 ICE booking summaries confirmed 100% compliance with medical review of the initial medical/mental health screening. This occurs within hours of admission.

The health care provider physically examines/assesses arriving detainees within 14 days of admission/arrival at the facility.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	This inspector recognizes the corrective action taken as a result of the last audit to ensure ICE detainees are monitored and tracked for physicals within 14-days of arrival. However, although the tracking system is compliant, the SCJ Health Inventory (used for the 14-day health appraisal and physical) does not encompass necessary components of a recognized physical examination per NCCHC or JCAHO, as required by the NDS. Therefore, additional corrective action is necessary.
Detainees in the Special Management Unit have access to health care services.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	During the medication pass, nurses go cell-to-cell in SMU inquiring about medical needs and collecting sick call requests.
Staff provides detainees with health services (sick call) request slips daily, upon request. <ul style="list-style-type: none"> • Request slips are available in languages other than English, including every language spoken by a sizeable number of the facility's detainee population. • Service-request slips are delivered in a timely fashion to the health care provider. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Sick call requests are available in the housing units or from the med cart nurse. Sick call slips, available in English and Spanish, are picked up by the nurses Monday through Friday only during the 8 AM medication pass (NOTE: As a slight discrepancy, the inmate handbook indicates the medical request slips are picked up on the 2:30 PM pass). Officer interviews confirmed accessibility to medical staff in the event detainees develop problems requiring evaluation outside the Mon-Fri sick call request pick-up schedule. Once brought to medical, detainees with sick call slips are triaged within 1-2 hours by an RN; follow-up sick call appointments are scheduled with the MD and the detainee is seen appropriately.
The facility has a written plan for the delivery of 24-hour emergency health care when no medical personnel are on duty at the facility, or when immediate outside medical attention is required.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Policies, entitled Emergency Medical Treatment and Safety and Emergency Procedures, address emergency care when medical staff is not on duty, particularly the night shift
The plan includes an on-call provider.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The medical director is on-call 24/7 and his number is posted.
The plan includes a list of telephone numbers for local ambulance and hospital services.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Central control, as well as intake and floor sergeants, have access to ambulance and hospital telephone numbers.
The plan includes procedures for facility staff to utilize this emergency health care consistent with security and safety.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	This requirement is addressed by the above policies, as well as Policy #9.0200, entitled Emergency Evacuation.

ACCESS TO MEDICAL CARE

POLICY: EVERY FACILITY WILL ESTABLISH AND MAINTAIN AN ACCREDITED/ACCREDITATION-WORTHY HEALTH PROGRAM FOR THE GENERAL WELL-BEING OF ICE DETAINEES.

COMPONENTS	YES	NO	NA	REMARKS
Detention staff is trained to respond to health-related emergencies within a 4-minute response time.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Staff is trained to respond within 4-minutes. The training officer has conducted time studies for first responders, which has shown response to be within 28 seconds.
Where staff is used to distribute medication, a health care provider properly trains these officers.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Although medications are generally distributed by nursing staff, occasionally COs must distribute medication. All officers are trained annually by an RN in medication delivery and proper documentation of the medication administration record (MAR). All officers completing annual training must pass medication to at least one housing area per year. A detailed curriculum of this training was reviewed.
The medical unit keeps written records of medication that is distributed.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	MARs are properly used in the facility to document medication distributed.
The Form I-819 (or IGSA equivalent) is used to notify the Warden/Facility of a detainee that has special medical needs.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Communication is mostly verbal with classification. There is a 'tracking sheet' that accompanies inmates and is accessible and used by both medical and custody staff.
A signed and dated consent form is obtained from a detainee before medical treatment is administered.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	As validated in a records review, facility staff obtains a generic consent from all inmates as part of the admissions process. The facility indicates it uses a consent form for invasive procedures. Most consent forms observed in the record (besides the general consent) were for dental procedures.
Detainees use the I-813 (or IGSA equivalent) to authorize the release of confidential medical records to outside sources.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The facility uses its own release of information form.
The facility health care provider is given advance notice prior to the release, transfer, or removal of a detainee.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Per medical, they receive a faxed transfer list from the Bloomington headquarters. The list progressively grows throughout the day.
Detainee's medical records or a copy thereof, are available and transferred with the detainee.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Form 553 is completed and copies of medical records are only made as clinically appropriate.
Medical records are placed in a sealed envelope or other container labeled with the detainee's name and A-number and marked "MEDICAL CONFIDENTIAL".	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Per the medical staff, sealed envelopes are used for the 553 form and meds.

Remarks:

The 14-day physical issue was addressed by the Head of DIHS and her clarification is quite clear. Fourteen-day physicals are to include a hands-on evaluation of the detainee. A physical involves the inspection, palpation, auscultation and percussion of a patient's body to determine the presence or absence of physical signs of disease. The SCJ Health Inventory currently used for the 14-day health appraisal does not meet these requirements. According to medical, this form was condensed to its current one-page format in early 2009. The previous form was reviewed and did contain the significant components of a physical examination and would have been acceptable if in place.

The initial medical and mental health screening is comprehensive. The officers obtain detailed information and complete additional screenings should certain chronic conditions be identified. This is very rare in facilities that do not have medical staff stationed in booking. Booking staff interviewed were knowledgeable about medical issues and procedures to ensure access to care.

The medical staff is thorough and attentive to detail. A records review found no discrepancies with the charting and follow-up care. Although medical records are available, the department uses eMD (a computerized program) to document encounters and spend most of their time on eMD. Medical staff utilizes three main functionalities of eMD:

- Charts - for encounter documentation. Staff can also pull up medications, allergies and notes, which are helpful in completing the Form 553 for transfers.
- Task Master - allows providers to write medication orders. They are printable for staff to transcribe; and
- Schedule - allows for appointments and follow-ups to be scheduled and printed out for inmate movement to medical.

Medical also has a program called TB Tracker, which records all information on TB testing: PPD plant dates and read dates; PPD results; and chest x-ray information, when appropriate. This also provides staff with quick TB testing information when completing the 553's for detainee transfer.

This medical department demonstrates a very strong commitment to life-safety issues.

SUICIDE PREVENTION AND INTERVENTION

POLICY: ALL DETENTION STAFF WORKING WITH ICE DETAINEES WILL BE TRAINED TO RECOGNIZE SUICIDE-RISK INDICATORS. STAFF WILL HANDLE POTENTIALLY SUICIDAL INDIVIDUALS WITH SENSITIVITY, SUPERVISION, AND REFERRALS. A CLINICALLY SUICIDAL DETAINEE WILL RECEIVE PREVENTIVE SUPERVISION AND TREATMENT.

COMPONENTS	YES	NO	NA	REMARKS
Every new staff member receives suicide-prevention training. Suicide-prevention training occurs during the employee orientation program.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Staff receives initial and periodic ongoing, training.
Training prepares staff to: <ul style="list-style-type: none"> • Recognize potentially suicidal behavior; • Refer potentially suicidal detainees, following facility procedures; and • Understand and apply suicide-prevention techniques. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Training curriculum was reviewed with the training officer and all requirements of this component are addressed.
A health-care provider or specially trained officer screens all detainees for suicide potential as part of the admission process. <ul style="list-style-type: none"> • Screening does not occur later than one working day after the detainee's arrival. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	An appropriate mental health screening is conducted by the booking officers. Medical staff reviews all initial mental health assessments.
Written procedures cover when and how to refer at-risk detainees to medical staff and procedures are followed.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Policy for Suicide Prevention and Intervention addresses the requirement.
The facility has a designated isolation room for evaluation and treatment.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Two rooms (BH5 and BH6) in booking are designated as suicide cells. In addition to COs performing 15-minute checks, these cells also have cameras which display on the Booking Sergeant's monitor.
The designated isolation room does not contain any structures or smaller items that could be used in a suicide attempt.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The cells are secure; however, each cell has a sprinkler head. This would not present a problem initially when detainees would have only suicide smocks and blankets; however, the facility adheres to a progressive program where clothing and personal items are restored to the patient as they improve. Once the smocks are replaced with clothing and personal items, an item could be placed upon the sprinkler head; however, it would likely break away. The cells could not be entered as both were occupied. The facility reports the State Fire Marshall ordered sprinklers in every cell even though they were designated as safe cells.
Medical staff has approved the room for this purpose.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	There have been no problems with the sprinklers in the past.
Staff observes and documents the status of a suicide-watch detainee at least once every 15 minutes.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Custody staff document 15-minute checks on PC Enforcer, the computerized management system. REMARKS:

The facility is in compliance with this standard. Interviews with correctional officers in admissions confirm their awareness of suicidal behavior and procedures to follow if suicidal ideology is suspected. There have not been any suicides at the facility. There is concern raised about sprinkler heads in the suicide designated rooms once a detainee earns back clothing and personal items. State law has directed the facility to comply with their requirements.

MEMORANDUM FOR: Scott Baniecke
Field Office Director
St. Paul Field Office

AUG 19 2009

FROM: Robert P. Helwig 
Assistant Director for Management

SUBJECT: Sherburne County Jail Annual Detention Review

The annual review of the Sherburne County Jail conducted on November 4-6, 2008, in Elk River, Minnesota, has been received. The Review Authority (RA) has assigned an interim rating of **Deficient** due to the use of Electro Muscular Disruption Devices (EMDDs) in this facility; otherwise a rating of "Acceptable" would have been assigned.

The G-324A worksheets provided by the Reviewer-In-Charge indicated the facility was deficient with the Environmental Health and Safety, and Key and Lock Control Standards. On December 17, 2008, Gerard Flores, Supervisory Immigration Enforcement Agent, advised Veronica Franco, Detention and Deportation Officer, that the facility has been advised of the deficient findings and is working to correct the deficiencies. A Plan of Action is required to address these deficiencies and the line item deficiencies noted in the Admission & Release, Access to Medical Care, Hold Rooms in Detention Facilities, Correspondence and Other Mail, Detainee Handbook, Food Service, Funds and Personal Property, Recreation, Visitation, Hunger Strikes, Disciplinary Policy, Emergency Plans, Security Inspections, Special Management Unit (Administrative Segregation and Disciplinary Segregation), Tool Control, Transportation, and Use of Force Standards.

The rating was based on the Reviewer-In-Charge (RIC) Summary Memorandum and supporting documentation. The Field Office Director must remedy the deficient standards, and initiate the following actions in accordance with the Detention Management Control Program (DMCP):

- 1) The Field Office Director, Detention and Removal Operations, shall notify the facility **within** five business days of receipt of this memorandum. Notification shall include copies of the Form G-324A, *Detention Facility Review Form*, the G-324A Worksheet, RIC Summary Memorandum, and a copy of this memorandum.

- 2) The Field Office Director is responsible for ensuring that the facility responds to all findings and a Plan of Action is submitted to the RA within 30 days.
- 3) The RA will advise the Field Office Director once the Plan of Action is approved.
- 4) Once a Plan of Action is approved, the Field Office Director shall schedule a follow-up on the above noted deficiencies within 90 days.

The Field Office is responsible for assisting the Intergovernmental Service Agreement facility to respond to the U.S. Immigration and Customs Enforcement findings when assistance is requested. Notification to the facility shall include information that this assistance is available.
