

# Launching JPAS Course

The screenshot shows the SumTotal LMS interface in Internet Explorer. The search results page displays 6 search results for the query 'JPAS'. The results are listed in a table with columns for Activity Name, Activity Type, Start Date, End Date, and Code. The selected course is 'JPAS/JCAVS VIRTUAL TRAINING FOR SECURITY', which is a Course with code PS123.16. Below the table, the course details are shown, including a description, categories, training organization, content type, media type, and publish date. A red box highlights the 'Start' button next to the course name.

Activity Name	Activity Type	Start Date	End Date	Code

The screenshot shows the CDSE (Center for Development of Security Excellence) login page. The page features a header with the CDSE logo and name. Below the header, there is a disclaimer about accessing a U.S. Government Information System. A list of conditions for using the system is provided. At the bottom of the page, there is a login form with a 'Hello' message and a 'Log In' button. A red circle highlights the 'Log In' button. The page also includes contact information for customer support and a 'Powered by NACON' logo.

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only.

By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- At any time, the USG may inspect and seize data stored on this IS.
- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG-authorized purpose.
- This IS includes security measures (e.g., authentication and access controls) to protect USG interests—not for your personal benefit or privacy.
- Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential.
