

SAVE THE DATE

For a 3 day symposium that will showcase cutting edge forensic science research at NIST. Plan on attending to obtain an understanding of how NIST's world class laboratories and staff are supporting many forensic science disciplines.

Forensics@NIST

DATE: November 28-30th, 2012

2012

TIME: 9:00am – 5:00pm

LOCATION: National Institute of Standards and Technology (NIST)
Gaithersburg, Maryland

FORENSIC
SCIENCES

Learn how material scientists, metrologists, analytical chemists, biological scientists, computer scientists and forensic science practitioners work together to address the challenges facing the forensic science community and where NIST is going next.

Anticipated Topic Areas Include:

- The Latest Forensic Standard Reference Materials
- Tools for Investigations
- Inter-laboratory Studies
- Resources for the Community
- Detectors
- Product Testing
- Working Groups and Related Projects
- Future Research Efforts

Organizer: NIST's Law Enforcement Standards Office (OLES)
