

Clinical Investigator Inspection List

Updated through 6/15/2009

This list contains names, addresses, and other information gathered from inspections of clinical investigators who have conducted studies with investigational new drugs or investigational devices reviewed by CBER. These inspections were conducted as part of the Food and Drug Administration's Bioresearch Monitoring Program. This list contains information on inspections that were closed after 1989.

Classifications: All FDA inspections are classified using the same categories:

NAI = No action indicated

VAI = Voluntary action indicated

OAI = Official action indicated
