
TABLE OF CONTENTS

EXECUTIVE SUMMARY	iii
1. INTRODUCTION	1-1
1.1 Major Conclusions	1-2
1.2 Areas of Concern	1-2
1.3 Issues to be Resolved	1-3
1.4 FEIS Process	1-3
2. PURPOSE AND NEED FOR PROPOSED ACTION	2-1
2.1 Purpose and Need	2-1
2.2 Missions of the USCG and the Need to Continue Conduct of These Missions	2-3
2.2.1 Marine Environmental Protection	2-4
2.2.2 Marine Safety	2-4
2.2.3 Vessel Traffic Services	2-4
2.2.4 Law Enforcement	2-5
2.2.5 Search and Rescue	2-5
2.2.6 Aids to Navigation	2-5
2.2.7 Aviation	2-5
2.2.8 Engineering	2-6
2.3 Proposed Action Alternative — Preferred Alternative	2-6
2.3.1 The Internal Program	2-6
2.3.2 The Conservation Program	2-6
3. ALTERNATIVE ACTIONS, INCLUDING THE PROPOSED ACTION	3-1
3.1 No Action Alternative	3-1
3.2 Preferred Alternative: Adoption and Implementation of the USCG Atlantic Protected Living Marine Resources Initiative	3-3
3.2.1 Internal Program	3-4
Operational Directives	3-4
Enforcement	3-5
Lookouts	3-6
Training	3-6
Speed	3-6
Approach Distance	3-7
Notices	3-8
Charts	3-8
Operating Procedures	3-8
Mission Impacts of Operational Directives	3-10
3.2.2 Conservation Program	3-10
Training/Education of Non-USCG Personnel	3-11
Cooperation With Other Agencies and Recovery Teams	3-12
Controlling Non-USCG Vessels	3-13
3.3 Alternative Measures and Alternative Combinations of Measures (Variations of the Proposed Action) Dismissed From Detailed Analysis	3-16
3.3.1 Adoption of the Initiative Without Various Components	3-16
3.3.2 The USCG Would Not Patrol U.S. Coastal Waters	3-17
3.3.3 Operate At Slow Speed or High Altitude At All Times	3-17

3.3.4	Avoid Critical Habitat At All Times	3-18
3.4	Comparison of Alternatives	3-18
3.4.1	Physical Environment	3-18
3.4.2	Biological Environment	3-18
3.4.3	Socioeconomic Environment	3-20
4.	AFFECTED ENVIRONMENT	4-1
4.1	Introduction	4-1
4.1.1	Purpose of Chapter 4	4-1
4.1.2	Organization of Chapter 4	4-1
4.2	Physical Environment	4-1
4.2.1	Geology	4-1
	North Atlantic	4-3
	Middle Atlantic	4-5
	South Atlantic	4-5
4.2.2	Physical Oceanography	4-6
	North Atlantic	4-6
	Middle Atlantic	4-7
	South Atlantic	4-7
4.2.3	Meteorology	4-9
4.3	Chemical Environment	4-10
	North Atlantic	4-10
	Middle Atlantic	4-11
	South Atlantic	4-12
4.4	Biological Environment	4-12
4.4.1	Marine Mammals	4-12
	Cetaceans: Endangered and Threatened Species	4-12
	Cetaceans: Species Not Listed Under the Endangered Species Act	4-36
	Pinnipeds	4-36
	Sirenians	4-37
4.4.2	Sea Turtles	4-38
	The Loggerhead Turtle	4-38
	Kemp's Ridley Turtle	4-48
	The Leatherback Turtle	4-53
	The Green Sea Turtle	4-58
	The Hawksbill Turtle	4-61
4.4.3	Fish	4-65
	Species of Special Concern	4-66
	Northeast Region	4-66
	Southeast Region	4-69
4.4.4	Sharks	4-71
4.4.5	Invertebrates	4-71
4.4.6	Seagrasses	4-73
	Johnson's Seagrass	4-73
4.4.7	Plankton	4-75
	Phytoplankton	4-75
	Zooplankton	4-77
4.4.8	Coastal and Marine Birds	4-78
	Federally Threatened and Endangered Species	4-78
	State-Listed Threatened, Endangered, and Rare Species.	4-80

4.4.9	Marine Sanctuaries, Critical Habitats, and Areas of Intermittent Protected Species	4-81
4.5	Socioeconomic Environment	4-81
4.5.1	Fishing	4-81
	Commercial Fisheries	4-81
	Recreational Fishery	4-86
4.5.2	Shipping	4-86
	Commercial	4-86
4.5.3	Whale Watching	4-87
4.5.4	Vessel Activity along the Atlantic Coast of the United States	4-89
5.	ENVIRONMENTAL CONSEQUENCES OF PREFERRED AND NO ACTION ALTERNATIVES	5-1
5.1	Environmental Consequences of No Action Alternative	5-1
5.1.1	Consequences of No Action Alternative on the Physical Environment	5-1
	Effects of USCG Vessel Activities on the Physical Environment	5-1
	Effects of USCG Aircraft Activities on the Physical Environment	5-3
	Effects of USCG Conservation Efforts on the Physical Environment	5-5
5.1.2	Consequences of No Action Alternative on the Biological Environment	5-5
	Effects of USCG Vessel Activities on Biological Environment	5-5
	Effects of USCG Aircraft Activities on the Biological Environment	5-13
	Effects of USCG-Associated Human Presence and Activities on the Biological Environment	5-14
	Effects of USCG Conservation Efforts on the Biological Environment	5-15
5.1.3	Consequences of No Action Alternative on the Socioeconomic Environment	5-17
5.1.4	Cumulative Effects of No Action Alternative on the Physical, Biological and Socioeconomic Environment	5-18
5.2	Environmental Consequences of the Preferred Alternative	5-23
5.2.1	Consequences of Preferred Alternative on the Physical Environment	5-24
	Effects of Changes to USCG Vessel Activities on the Physical Environment	5-24
	Effects of Changes to USCG Aircraft Activities on the Physical Environment	5-24
	Effects of Changes to USCG Conservation Efforts on the Physical Environment	5-25
5.2.2	Consequences of the Preferred Alternative on the Biological Environment	5-25
	Effect of Changes to USCG Vessel Activities on the Biological Environment	5-25
	Effect of Changes to USCG Altered Aircraft Activities on the Biological Environment	5-27
	Effects of Changes to USCG-Associated Human Presence and Activities on the Biological Environment	5-27
	Effects of Changes to USCG Conservation Efforts on the Biological Environment	5-28
5.2.3	Consequences of the Preferred Alternative on the Socioeconomic Environment	5-30
5.2.4	Cumulative Effects of the Preferred Alternative on the Physical, Biological, and Socioeconomic Environment	5-31
5.3	Mitigating Measures and Monitoring Program	5-33
5.4	Unavoidable Adverse Environmental Impacts	5-34
5.5	Energy Requirements and Conservation Potential	5-34
5.6	Irreversible and Irretrievable Commitments of Resources	5-34
5.7	Relationship Between Short-Term Use Of The Environment and Maintenance and Enhancement Of Long-Term Productivity	5-34

6.	REFERENCES	6-1
7.	LIST OF PREPARERS	7-1
8.	LIST OF AGENCIES, ORGANIZATIONS, AND PERSONS TO WHOM COPIES OF THE EIS WERE SENT	8-1
9.	ACRONYMS.	9-1

Appendices

A	Memorandum of Understanding to Foster the Ecosystem Approach (September 1995) Memorandum of Understanding on the Implementation of the Endangered Species Act (December 1995)	
B	Cover Sheet for 01 August 1995 Biological Assessment	
C	15 September 1995 Biological Opinion	
D	22 September 1995 Environmental Assessment	
E	Public Comments to 22 September 1995 Environmental Assessment	
F	22 July 1996 Biological Opinion	
G	Federal Laws and Conventions Authorizing U.S. Coast Guard Activities	
H	U.S. Coast Guard Organization	
I	Commandant Instruction 16475: Protected Living Marine Resources Program	
J	USCG Operational Directives and Operating Procedures	
K	USCG First District Guidance dated 22 April 1996 USCG First District Guidance dated 01 July 1996 USCG Fifth District Guidance dated 03 July 1996 USCG Seventh District Guidance dated 14 April 1996	
L	Northeast Regional Fisheries Training Team Course on Marine Mammal Protection Act of 1972	
M	USCG Vessel Approach Guidance	
N	Right Whale Early Warning System Description	

O	Memorandum of Agreement Dated 05 January 1995 Memorandum of Agreement Dated 30 April 1996
P	Green World, Inc., Petition Dated 04 August 1994
Q	Public Comments to 31 July 1996 Draft EIS
R	Incident Report: October 1995 <i>USCGC Reliance</i> Whale Strike
S	2 April 1996 Federal Register Notice of Intent to Prepare a Draft EIS
T	USCG Interim Vessel Speed Guidance
U	USCG, NMFS, Army Corps of Engineers and U.S. Navy MOA Dated 25 January 1996
V	Commandant Instruction 16751.3A: Regattas and Marine Parades
W	Impacts of Implementing the USCG APLMR Initiative
X	NMFS Proposed Rule — Vessel Approaches of Right Whale (title?)

List of Tables

3-1.	Comparison of No Action and Preferred Alternatives: Impacts to the Physical Environment . . .	3-21
3-2.	Comparison of No Action and Preferred Alternatives: Impacts to the Biological Environment . .	3-22
3-3.	Comparison of No Action and Preferred Alternatives: Impacts to the Socioeconomic Environment	3-24
4-1.	Summary of Average Climatic Conditions	4-9
4-2.	Strandings of Loggerhead Turtles (<i>Caretta caretta</i>) along the U.S. Atlantic Coast from 1988 to 1993, all months combined each year	4-40
4-3.	Temporal pattern of strandings of Loggerhead Turtles (<i>Caretta caretta</i>) along the Atlantic Coast of Florida	4-44
4-4.	Percent incidence of anomalies (not necessarily the cause of death) of turtles (all species) stranded along the U.S. Coasts of the Gulf of Mexico and Atlantic Ocean	4-45
4-5	Strandings of Kemp's Ridley Turtles (<i>Lepidochelys kempi</i>) along the U.S. Atlantic Coast from 1988 to 1993, all months combined each year	4-52
4-6.	Strandings of Leatherback Turtles (<i>Dermochelys coriacea</i>) along the U.S. Atlantic Coast from 1988 to 1993, all months combined each year	4-58

Table of Contents

4-7. Strandings of Green Turtles (<i>Chelonia mydas</i>) along the U.S. Atlantic Coast from 1988 to 1993, all months combined each year	4-62
4-8. Strandings of Hawksbill Turtles (<i>Eretmochelys imbricata</i>) along the U.S. Atlantic Coast from 1988 to 1993, all months combined each year	4-65
4-9. Principal Groundfish in the Northeast Region	4-67
4-10. Other Groundfish in the Northeast Region	4-68
4-11. Pelagic Fish in the Northeast Region	4-68
4-12. Other Fish Species of Commercial Importance in the Northeast Region	4-68
4-13. Tuna and Billfishes in the Southeast Region	4-69
4-14. Coastal Pelagic Fish in the Southeast Region	4-70
4-15. Reef Fish in the Southeast Region	4-70
4-16. Sciaenids and Other Commercially Important Fish in the Southeast Region	4-70
4-17. Summary of Invertebrates Found in the Atlantic Ocean From Maine to Florida	4-71
4-18. Federally Protected Areas by State	4-82
4-19. Commercial fishing vessels (>5 tons), fishing boats (<5 tons) and total boats registered by the USCG in the Atlantic Coast states of the United States in 1993	4-84
4-20. 1993 Fishing Statistics by Gear and Region	4-85
4-21. Recreational Fishing Statistics for the Atlantic Ocean	4-86
4-22. Total Tons (net volume of tonnage for area; descending order) and Vessel Trips for the Top Ten and Selected Atlantic Ocean Coastal Ports	4-88
4-23. Summary of Federal Agency Vessels by USCG District	4-90
4-24. Vessel Traffic Density Data	4-91
5-1. Dominant Frequency and Maximum Sound Pressure Level of Sounds from Different Types of Aircraft	5-4
5-2. USCG Cutter Class (vessels in \geq 65 ft. In length) Vessel Distribution Along East Coast of the United States	5-6
5-3. Maximum Broad-Band (20-1000 Hz) Sound Pressure Source Levels for Different Types of Natural Ambient Noise in the Marine Environment	5-9

5-4. Estimated Peak 1/3-Octave Sound Pressure Source Levels for Vessels of Different Sizes and Speeds	5-10
---	------

List of Figures

4-1. Physical oceanographic features of the Atlantic Ocean from Maine to Florida	4-2
4-2. The Western North Atlantic	4-4
4-3. Locations of USCG stations (USCG Districts 1, 5, and 7) and critical habitats along the East Coast of the United States	4-8
4-4. Cumulative sightings, 1960-1992, of Right whales along the East Coast of the United States	4-14
4-5. Cumulative sightings, 1960-1992, of Humpback whales along the East Coast of the United States	4-21
4-6. Cumulative sightings, 1960-1992, of Finback whales along the East Coast of the United States	4-26
4-7. Cumulative sightings, 1960-1992, of Sei whales along the East Coast of the United States	4-29
4-8. Cumulative sightings, 1960-1992, of Blue whales along the East Coast of the United States	4-31
4-9. Cumulative sightings, 1960-1992, of Sperm whales along the East Coast of the United States	4-33
4-10. Cumulative sightings, 1960-1992, of Loggerhead turtles along the East Coast of the United States	4-41
4-11. Cumulative sightings, 1960-1992, of Leatherback turtles along the East Coast of the United States	4-55
4-12. Distribution of Johnson seagrass (<i>Halophila johnsonii</i>) in Florida coastal counties.	4-74
