

# APPENDIX

This section demonstrates the steps to get to a single geographic area or a group of geographic areas published in the Economic Census of Puerto Rico and the Island Areas using the **Select Geographies** overlay.

These steps illustrate a single way to select area(s) in the American FactFinder. In many cases, there is more than one way to add these areas to Your Selections.

### Helpful Hint

To see all the types of geographies available, select the “all summary levels” radio button above the Geography Results.

<sup>1</sup> Puerto Rico and the Island Areas (American Samoa, Guam, Northern Mariana Islands, and the US Virgin Islands of the United States) are considered state-equivalents for publication purposes.

<sup>2</sup> Districts in American Samoa and Guam, municipalities in the Northern Mariana Islands, and municipios in Puerto Rico are considered county--equivalents for publication purposes.

<sup>3</sup> Economic Places include incorporated cities and unincorporated areas (also known as Census Designated Places or CDPs) with 5,000 or more population or jobs. In American Samoa, “counties” are treated as place equivalents.
