NA Not available. X Not applicable. <sup>1</sup> Office of Management and Budget's Standard Occupational Classification (SOC) is used to define occupations. SOC categorizes workers into 1 of 801 detailed occupations and aggregates; the detailed occupations into 23 major occupational groups. <sup>2</sup> Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data. <sup>3</sup> Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately. <sup>4</sup> Estimates do not include self-employed workers.
