Item Count: 2

**SUMMARY**

The Department of the Treasury, Alcohol and Tobacco Tax and Trade Bureau (TTB) requests disposition authority for the Lablynx Laboratory Information Management System (Lablynx LIMS)

Lablynx LIMS is used to record and track lab samples of alcoholic beverages and tobacco products. Data contained in the system includes, but is not limited to, the submitter's name, list of laboratory samples, and uploaded correspondence. These records have temporary value because they do not document significant actions of Federal officials since the records do not record any punitive actions against individuals or companies for violations.

**RECOMMENDATION**

- 2 APPROVED FOR PERMANENT RETENTION The records described under the following item or items have been appraised by the National Archives and Records Administration (NARA) and are determined to have sufficient historical or other value to warrant their continued preservation by the United States Government.
