Stevens Act (Act), Congress required the NRC to provide a report with recommendations on a national policy for implementing IFQs by October 1, 1998. The Act also required the formation of NMFS Advisory Panels to provide support to the NRC committee and to NMFS in their respective roles of preparing and evaluating the IFQ study. The workshop is intended to initiate a dialogue between IFQ Advisory Panel and NRC committee members related to key questions the NRC has developed. Issues discussed will include initial allocation criteria, restrictions on transferability of quota shares, enforcement and monitoring requirements, and long-term implications of implementing IFQs relative to other management regimes. Members of the public are invited to observe the proceedings, but will not be allowed to participate.
