

MODEL PRIVACY CERTIFICATE

U.S. Department of Justice regulations at 28 CFR §22.23 require that a Privacy Certificate be submitted as part of any application for a project in which information identifiable to a private person will be collected for research or statistical purposes. The following summarizes the requirements of 28 CFR Part 22 and may be used as a guide to complete the Privacy Certificate.

1. Data identifiable to a private person will not be used or revealed unless it is research or statistical information being used for research and statistical purposes.
2. Identifiable data will be used or revealed only on a need-to-know basis to (a) officers, employees, and subcontractors of the recipient of assistance; and (b) persons and organizations receiving transfers of information for research and statistical purposes only if an information transfer agreement is entered into in which the recipient is bound to use the information only for research and statistical purposes and to take adequate administrative and physical precautions to ensure the confidentiality of the information.
3. Employees with access to data on a need-to-know basis will be advised in writing of the confidentiality requirements and must agree in writing to abide by these requirements.
4. Subrecipients requiring access to identifiable data will only do so in accordance with an information transfer agreement which states that the confidentiality of the data must be maintained and that the information may only be used for research or statistical purposes.
5. Private persons from whom identifiable data are obtained or collected will be advised that the data will only be used for research and statistical purposes and that compliance with requests for information is not mandatory. That is, participation in the research is voluntary and may be withdrawn at any time. *Please note: If the notification requirement is to be waived, an explanation must be contained within or attached to the Privacy Certificate.*
6. Adequate precautions will be taken to ensure the administrative and physical security of the identifiable data.
7. A log indicating that identifiable data has been transferred to persons other than those in BJS or other OJP bureaus or to grantee, contractor, or subcontractor staff will be maintained and will indicate whether the data has been returned or if there is an alternative arrangement for the future maintenance of such data.
8. Project plans will be designed to preserve the anonymity of persons to whom the information relates, including where appropriate, name-stripping, coding of data, or other similar procedures.
9. Project findings and reports prepared for dissemination will not contain information which can reasonably be expected to be identifiable to a private person.
10. Upon completion of the project, the security of research or statistical information will be protected by either:
 - a. the complete physical destruction of all copies of the materials or the identifiable portions of the materials after a three year required recipient retention period or as soon as authorized by law; or
 - b. the removal of identifiers from the data and separate maintenance of a name-code index in a secure location. *Please note: If you choose to keep a name-code index, you must maintain procedures to secure such an index.*
