NOTICE OF TECHNICAL CONFERENCE

(September 17, 2004)

Take notice that the Federal Energy Regulatory Commission will host a technical conference on Wednesday, October 13, 2004, to discuss infrastructure issues for the State of Connecticut and the surrounding region. The workshop will be held in Room 2C of the Legislative Office Building, 300 Capitol Avenue, Hartford, Connecticut. The workshop is scheduled to begin at 10:00 a.m. and end at approximately 3:00 p.m. (Eastern time). The Commissioners will attend and participate.

The goal of the technical conference is to provide a public forum for discussion of issues affecting energy infrastructure in and around Connecticut. The conference will explore proposals for new electric transmission, their impact on electric reliability for the region, implications for connectivity with the entire New England grid and its relation to neighboring regions, the costs of the proposals and possible allocation of those costs. The Commission is in the process of contacting key policy leaders in Connecticut and the larger region. An agenda is forthcoming.

The conference is open for the public to attend, and registration is not required; however, in-person attendees are asked to register for the conference on-line by close of business on Monday, October 11, 2004 at <http://www.ferc.gov/whats-new/registration/infra-1013-form.asp> .

Transcripts of the conference will be immediately available from Ace Reporting Company (202-347-3700 or 1-800-336-6646) for a fee. They will be available for the public on the Commission's eLibrary system seven calendar days after FERC receives the transcript. Additionally, Capitol Connection offers the opportunity for remote listening of the conference via Real Audio or a Phone Bridge Connection for a fee. Persons interested in making arrangements should contact David Reininger or Julia Morelli at the Capitol Connection (703-993-3100) as soon as possible or visit the Capitol Connection website at <http://www.capitolconnection.org> and click on "FERC."

For more information about the conference, please contact Sarah McKinley at 202-502-8004, sarah.mckinley@ferc.gov .
