NATIONAL CENTER FOR STANDARDS AND CERTIFICATION INFORMATION

NCSCI is the . . .

- U.S. national standards information center
- Regulatory, certification, and conformity assessment information center for standards-related activities in the U.S. and worldwide
- Information resource helping U.S. industry and business excel as innovators and competitors in the global market

NCSCI helps you find . . .

- Standards and standards-related information
- Technical regulations
- Certification bodies for imports and exports
- Standards organizations, experts, and publications

NCSCI helps you navigate the complex maze of . . .

- U.S. standards and technical regulations
- National standards and technical regulations worldwide
- Regional and international standards

NCSCI helps you monitor global standards and regulations with . . .

- Daily tracking of proposed technical regulations issued by the U.S. Federal government, the 50 U.S. States and DC, and the 151 Member countries in the World Trade Organization
- Notify U.S., a customized, Internet-based resource for U.S. industry and business. Register online to track changing technical regulations for manufactured products worldwide.

<http://www.nist.gov/notifyus>

NCSCI is the U.S. Inquiry Point for the . . .

- World Trade Organization Agreement on Technical Barriers to Trade (WTO TBT)
- North American Free Trade Agreement (NAFTA)
- International Organization for Standardization Information Network (ISONET)

NCSCI helps you with these tools . . .

- Full texts of standards
- Indexes to millions of industry, national, regional, and international standards
- U.S. military specifications and Federal procurement standards
- Unique collection of standards periodicals, newsletters, and reference books
- *Federal Register*, the daily bulletin of proposed U.S. Federal regulations
- *Code of Federal Regulations*, the general and permanent rules published by the U.S. Federal government
