

Scientific Equipment and Services
Schedule 66
Frequently Asked Questions (FAQs):

1. Does Schedule 66 include products and services that are unique to human medicine?

Answer: No, see the VA Schedule for human medicine specific for devices, services, and labor categories.

2. Does Schedule 66 include stand alone services?

Answer: Yes, stand alone services such as calibration, maintenance, etc. can be found on Schedule 66.

3. Are the testing services under Schedule 66 conducted on-site or in a contractor's facility?

Answer: Both, either/or depending on the customer's requirement.
