Wednesday, November 17 (Hamp's actual birthday)

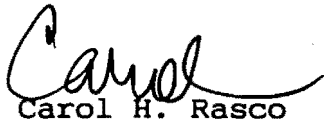

Judy:

My sincere regrets that I did not make it to the meeting last evening. As I shared with the person answering the phone around 7:30 p.m., I do hope you will call soon to start arranging a time for us to meet. I will be glad to come to the Department of Education. I relish the times I can go outside these walls!

I am enclosing the materials I had planned to bring you last evening about the Kennedy Krieger Center about which we talked on Sunday. I have attached the card for the person through whom I arranged my visit.

Finally, the name of the person I discussed with you regarding juvenile issues is Russ Van Vleet; his number is [REDACTED] with a fax at [REDACTED]

I look forward to visiting with you and again, thanks for the invitation for Tuesday evening. I hope to meet with that group another time!...here's hoping there isn't a "NAFTA" type vote anytime real soon.
