Thanks for faxing a note to me the other day. I have appreciated your attempts to connect. What about getting together for lunch--or just a cup of coffee in your office? Best days for me are the 16th and 17th and 22-24. While Tennessee has been a concern, as you know, more important is overall health care reform, and I'd love to chat with you about that.

Dear Carol:

It was a pleasure to meet with you this past Thursday to discuss ideas for a Block Foundation national project. We have since spoken with the president of the the Foundation, and will most likely not pursue an adopt-a-school type program because of past Foundation dissatisfaction with similar endeavors. However, we are interested in meeting with someone at the Department of Education to explore what other school-based national support programs might be appropriate. We would appreciate it if your office could recommend the right person for us to contact at DOE.

Over the course of this week, we will be contacting the other people you suggested to pursue the alternate options you raised. Again, Colleen Barry and I enjoyed meeting you and will let you know where we end up. Best of luck and we look forward to working with you in the future.

Best wishes,

  
James C. Rosapepe
