I have determined that the damage in certain areas of the State of Wisconsin, resulting from severe storms, straight-line winds, tornadoes, heavy rain, and flooding on June 18–30, 1998, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. You are authorized to provide Public Assistance and Hazard Mitigation in the designated areas and any other forms of assistance under the Stafford Act you may deem appropriate. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Public Assistance or Hazard Mitigation will be limited to 75 percent of the total eligible costs.

The time period prescribed for the implementation of section 310(a), Priority to Certain Applications for Public Facility and Public Housing Assistance, 42 U.S.C. 5153, shall be for a period not to exceed six months after the date of this declaration.

Notice is hereby given that pursuant to the authority vested in the Director of the Federal Emergency Management Agency under Executive Order 12148, I hereby appoint Gary K. Pierson of the Federal Emergency Management Agency to act as the Federal Coordinating Officer for this declared disaster.

## FEDERAL TRADE COMMISSION

### Submission for OMB Review; Comment Request

**AGENCY:** Federal Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Federal Trade Commission (FTC) has submitted to OMB for review and clearance under the Paperwork Reduction Act information collection requirements contained in its regulations under the Comprehensive Smokeless Tobacco Health Education Act of 1986 (“Smokeless Tobacco Act” or the “Act”). The current Office of Management and Budget (OMB) clearance expires on August 31, 1998. The FTC proposes that OMB extend its approval for the regulations an additional three years through August 31, 2001.

**DATES:** Comments must be submitted on or before September 14, 1998.

**ADDRESSES:** Send written comments to the Office of Management and Budget, Office of Information and Regulatory Affairs, New Executive Office Building, Room 10202, Washington, DC 20503, ATTN: Edward Clarke, Desk Officer for the Federal Trade Commission, and to Gary M. Greenfield, Office of the General Counsel, Federal Trade Commission, Washington, DC 20580, (202) 326–2753. All comments should be identified as responding to this notice.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the proposed information requirements should be addressed to Nancy Warder, Attorney, Division of Advertising Practices, Bureau of Consumer Protection, Federal Trade Commission, Washington, DC 20580, (202) 326–3048.

**SUPPLEMENTARY INFORMATION:** The FTC has submitted a request to OMB to extend the existing clearance to collect information (OMB Control Number 3084-0082) under FTC regulations promulgated pursuant to the Smokeless Tobacco Act (16 CFR Part 307). A **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published on June 9, 1998 (63 FR 31479). No comments were received.

*Description of the information collection and proposed use:* The Smokeless Tobacco Act, 15 U.S.C. 4401-4408, requires, among other things, that manufacturers, packagers, and importers of smokeless tobacco products include health warnings on product packaging and in advertisements. The Act also requires that each manufacturer, packager, and importer of smokeless tobacco products submit a plan to the Commission specifying a method to rotate, display, and distribute the warning statement required to appear in advertising and labeling. The Commission is required to determine whether these plans comply with the act and implementing regulations. All the companies currently affected by these regulations have previously filed plans, but the plan submission requirement continues to apply in the event a company amends its plan, or if a new company enters the market.

*Estimate of information collection annual hours burden: 1,000 hours (rounded).* The FTC is reducing the estimated burden for fourteen smokeless tobacco companies to prepare and submit amended compliance plans from the current estimate of 2,000 hours to 1,000 hours, rounded up from 560. Staff believes the reduced estimate is conservative. Prior burden estimates were based on companies' experience preparing and filing their initial plans. At this stage, however, all affected companies have long ago filed their plans with the Commission and staff does not anticipate that any new company will enter the market. Additional annual reporting burdens would occur only if already compliant companies change the way they display the warnings required by the Smokeless Tobacco Act.

Although it is not possible to predict whether any of these companies will seek to amend an existing approved plan (and possibly none will), staff conservatively assumes that each company will file one amendment per year. This estimate is conservative because, over the past three years, only one company has voluntarily amended

its plan and the Commission changed the relevant regulations only once. The voluntary amendment required only 40 hours to prepare, which is considerably less time than individual companies spend preparing their initial plans. Commission staff believes it reasonable to assume that each company would consume approximately that amount of time to prepare an amended plan. Based on these assumptions, the total annual hours burden should not exceed 1,000 hours (14 companies  $\times$  40 hrs. each, rounded to the nearest thousand).

*Estimate of information collection annual cost burden: \$63,000.*

*Labor costs:* The total annualized cost to respondents should not exceed \$63,000. This is based on the assumption that management or attorneys will account for 80% of the estimates 1,000 hours required to rewrite or amend the plans, at an hourly rate of \$75, and that clerical support will account for the remaining time (20%) at an hourly rate of \$15. (Management and attorney time: 1,000 hours  $\times$  .8 = 800 hours  $\times$  \$75 = \$60,000; clerical time: 1,000 hours  $\times$  .20 = 200 hours  $\times$  \$15 = \$3,000).

*Capital or other non-labor costs:* None. After the Commission approves a plan for the display of the warnings required by the Smokeless Tobacco Act, the companies were required to make additional submissions to the Commission only if there is a change in the way that they choose to display the warnings. Once the companies have prepared plates to print the required warnings on their labels, there are no additional set-up costs associated with the display of the warnings in labeling. Similarly, once the companies have prepared acetates of the required warnings for advertising and promotional materials, there are no additional set-up costs associated with printing the warnings in those materials. These set-up costs were incurred before October 1, 1995.

The Commission knows of no annual recordkeeping cost burden associated with the plans for the display of the warnings. The companies may keep copies of their plans to ensure that labeling and advertising complies with the requirements of the Smokeless Tobacco Act. Such recordkeeping would require the use of office supplies, such as file folders and papers, all of which the companies should have on hand in the ordinary course of their business.
