

Between September 1997 and September 1998, the Consumer Price Index for all urban consumers and all items increased by 1.49 percent—from an index value of 161.2 in September 1997 to a value of 163.6 in September 1998. An increase of 1.49 percent in the \$8.00 base figure would lead to a new figure of \$8.12. However, because the statute directs that the resulting figure be rounded to the nearest \$0.50, the increase is too small to result in any change in the allowable charge.

The Commission therefore determines that there will be no modification from the base of \$8.00 for 1999.

By direction of the Commission.

## FEDERAL TRADE COMMISSION

### Premerger Notification: Reporting and Waiting Period Requirements

**AGENCY:** Federal Trade Commission.

**ACTION:** Notice of postponement of the effective date of Formal Interpretation 15.

**SUMMARY:** On October 13, 1998, the Premerger Notification Office ("PNO") of the Federal Trade Commission ("FTC"), with the concurrence of the Assistant Attorney General in charge of the Antitrust Division of the Department of Justice ("DOJ"), published a notice of the adoption of a Formal Interpretation of the Hart-Scott-Rodino Act, which requires certain persons planning certain mergers, consolidations, or other acquisitions to report information about the proposed transactions to the FTC and DOJ. 63 FR 54713 (October 13, 1998). The Interpretation concerns the reportability of certain transactions involving a Limited Liability Company ("LLC"). Under the Interpretation, the formation of an LLC would be reportable if it would unite two or more pre-existing businesses under common control.

This Formal Interpretation was to have become effective on December 14, 1998, after a thirty day comment period. The PNO has postponed the effective date of this Formal Interpretation until February 1, 1999, in order to review and analyze the comments received.

The National Nursing Home Survey (NNHS)—(0920-0353)—Revision—The National Center for Health Statistics—Section 306 of the Public Health Service Act states that the National Center for Health Statistics "shall collect statistics on health resources \* \* \* [and] utilization of health care, including utilization of \* \* \* services of hospitals, extended care facilities, home health agencies, and other institutions." The data system responsible for collecting this data is the National Health Care Survey (NHCS). The National Nursing Home Survey (NNHS) is part of the Long-term Care Component of the NHCS. The NNHS was conducted in 1973-74, 1977, 1985, 1995, and 1997. NNHS data describe this major segment of the long-term care system and are used extensively for health care research, health planning and public policy. The survey provides detailed information on utilization
