

violate any provision of the Order, and the dismissal or ruling is either not appealed or upheld on appeal, then the Order will terminate according to this paragraph as though the complaint was never filed, except that the Order will not terminate between the date such complaint is filed and the later of the deadline for appealing such dismissal or ruling and the date such dismissal or ruling is upheld on appeal.

Analysis of Proposed Consent Order to Aid Public Comment

The Federal Trade Commission has accepted an agreement, subject to final approval, to a proposed consent order from respondent Martha Clark, individually and doing business as Simplex Solutions.

The proposed consent order has been placed on the public record for sixty (60) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement and take other appropriate action or make final the agreement's proposed order.

This matter concerns claims made by the respondent in her advertising, including advertising through the Internet, for the Guaranteed Credit Doctor credit repair kit. The Commission's complaint charges that the respondent's advertising represents, directly or by implication, that consumers can remove bankruptcies, judgments, foreclosures, liens, repossessions, late payments, and other adverse items of information from their credit reports even where such information is accurate and not obsolete. The claim is alleged to be false and misleading, and in violation of section 5 of the Federal Trade Commission Act, 15 U.S.C. 45, because most consumers cannot remove adverse items of information from their credit reports where such information is accurate and not obsolete.

The proposed consent order contains provisions designed to remedy the violation charged and to prevent the respondent from engaging in similar acts and practices in the future. Part I of the proposed order prohibits the respondent from misrepresenting, directly or by implication in her advertising for any credit repair product any right or remedy available under the Fair Credit Reporting Act, 15 U.S.C. 1681 *et seq.*, including, but not limited to, the ability to remove adverse information in any credit report. Part II of the proposed order requires the

respondent to distribute copies of the order to certain company officials and employees. Part III of the proposed order requires the respondent to notify the Commission of any discontinuance of her present business or employment and of each affiliation with a new business or employment. Part IV of the proposed order requires the respondent to file one or more compliance reports. Part V of the proposed order is a provision whereby the order, absent certain circumstances, terminates twenty years from the date of issuance.

The purpose of this analysis is to facilitate public comment on the proposed consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify their terms in any way.

Donald S. Clark,

Secretary.

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted an agreement, subject to final approval, to a proposed consent order from respondent Sherman G. Smith, individually and doing business as Starr Communications.

The proposed consent order has been placed on the public record for sixty (60) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement and take other appropriate action or make final the agreement's proposed order.

This matter concerns claims made by the respondent in his advertising, including advertising through the Internet, for his "U.S. Government Tracer Business Program." The Commission's complaint charges that the respondent's advertising represents, directly or by implication, that the amount of money represented in the advertisements is representative, or typical, of what individuals who purchase respondent's program will generally achieve. The claim is alleged to be false and misleading, and in violation of section 5 of the Federal Trade Commission Act, 15 U.S.C. 45, because the amount of money represented in the advertisements is not representative, or typical, of what individuals who purchase respondent's program will generally achieve.

The Commission's complaint also charges that the respondent falsely represented that he possessed and relied upon a reasonable basis that substantiated the above claim. The Commission's complaint alleges that this representation is false and misleading, and in violation of section 5 of the Federal Trade Commission Act, 15 U.S.C. 45, because at the time he made the representation respondent did not possess and rely upon a reasonable basis that substantiated the claim.

The proposed consent order contains provisions designed to remedy the violations charged and to prevent the respondent from engaging in similar

acts and practices in the future. Part I of the proposed order prohibits the respondent from misrepresenting, directly or by implication in his advertising for the "U.S. Government Tracer Business Program," or any other business opportunity, the past, present, or future profits, earnings, income, or sales from such business opportunity.

Part II of the proposed order prohibits the respondent from representing, directly or by implication in his advertising for the "U.S. Government Tracer Business Program," or any other business opportunity, the past, present, or future profits, earnings, income, or sales from such business opportunity, unless at the time of making such representation respondent possesses and relies upon competent and reliable evidence that substantiates the claim.

Part III of the proposed order requires the respondent to maintain materials relied upon in disseminating any representation covered by the order. Part IV of the proposed order requires the respondent to distribute copies of the order to certain company officials and employees. Part V of the proposed order requires the respondent to notify the Commission of any discontinuance of his present business or employment and of each affiliation with a new business or employment. Part VI of the proposed order requires the respondent to file one or more compliance reports. Part VII of the proposed order is a provision whereby the order, absent certain circumstances, terminates twenty years from the date of issuance.

The purpose of this analysis is to facilitate public comment on the proposed consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify their terms in any way.

Donald S. Clark,
Secretary.
