General Comments (Regional Summary):

The credit union submitted sufficient documentation to support community common bond, adequate projections, and an acceptable business plan. The credit union has the administrative capacity and financial strength to support the expansion. The field concurs with our recommendation to approve. See detailed Regional Summary in file.

February 5, 2003

Paul M. Marshall, Treasurer/Manager
Frankford-Quaker Federal Credit Union
10431 North Academy Road
Philadelphia, PA 19114

Dear Mr. Marshall:

Your request to convert to a community charter to serve persons who live, work, worship, or go to school in, and businesses and other legal entities located in Northeast Philadelphia, Pennsylvania has been approved.

The enclosed amendment is approved in advance and need only be adopted by your board of directors in accordance with Article XVII, Section 1 of the revised Federal Credit Union Bylaws effective October 14, 1999.

Generally, NCUA will permit federal credit unions serving occupational and associational groups to overlap community charters. Therefore, conversion of your field of membership does not protect your credit union from overlaps by credit unions desiring to serve select employee or associational groups in the area. Additionally, approval to serve this community does not preclude any other credit union from gaining approval to serve the same community.

If you have any questions, please contact Insurance Analyst Cynthia Kochendarfer in this office at (703) 519-4621.

Sincerely,

Joy Lee
Acting Regional Director

Section 5 of the Charter of the Frankford Quaker Federal Credit Union is hereby amended to read as follows:

"The field of membership shall be limited to those having the following common bond:

CONVERTED TO COMMUNITY CHARTER 1/22/03

1. Persons who live, work, worship, or attend school in, and businesses and other legal entities located in the area known as Northeast Philadelphia, Pennsylvania as described by the following boundaries: Route 73 to the south, Montgomery County and Bucks County to the west and north and the Delaware River to the east; **converted to a community charter 2/05/03**

Spouses of persons who died while within the field of membership of this credit union; employees of this credit union; volunteers in the community; members of their immediate families or households; and organizations of such persons."

Acting Regional Director

CERTIFICATION OF RESOLUTION OF BOARD OF DIRECTORS
ADOPTING AMENDMENT OF CHARTER

WHEREAS, the attached amendment of the credit union's charter is in the best interests of the members and is consistent with Law, and all necessary authorizations having been obtained,

NOW, THEREFORE, pursuant to the provisions of the Federal Credit Union Act, the attached amendment of the charter of the Frankford Quaker Federal Credit Union NO. 12450 is hereby adopted by the board of directors in accordance with Article XVII, Section 1 of the revised Federal Credit Union Bylaws effective October 14, 1999.

We, the undersigned President and Secretary of the above federal credit union, hereby certify that on _____, 20__, the above resolution amending the charter was adopted by the board of directors in accordance with Article XVII, Section 1 of the revised Federal Credit Union Bylaws.

President

Secretary

COMMUNITY CHARTER CONVERSION
Franklin-Quaker Federal Credit Union # 12450
Assets: \$6.9 Million
Philadelphia, PA

1. GENERAL BACKGROUND

Franklin-Quaker Federal Credit Union (FCU) is a \$6.9 million, (b)(8) institution located in Philadelphia, Pennsylvania. Formerly known as the Frankford Grocers Association FCU, the credit union was chartered in 1958 to serve employees of the Frankford Grocers. In 1988, Frankford Grocers was purchased by the Felming Companies, Inc. and the facilities were relocated to Oaks, Pennsylvania. The credit union was only able to gain access to a small employee division within the new company and had to move its office outside of the sponsor's facility. Since 1990, the credit union has added several small employers groups. These efforts to expand the field of membership have resulted in minimal success. Franklin-Quaker FCU has operated with minimal growth and profitability since the loss of its original employer group.

Franklin-Quaker FCU is now requesting a conversion to a community charter. The proposed community includes the northeastern section of the City of Philadelphia. This change will permit the credit union to expand its membership base, while offering credit union service to area residents.

Call report data for September 2002 indicates the credit union has 1,044 members out of a potential of 3,000 members for a penetration rate of 34.8 percent.

A. Proposal

The credit union proposes to serve persons who live, work, worship, or attend school in, and businesses and other legal entities located in the area known as Northeast Philadelphia, Pennsylvania.

Our records indicate this area has not previously been approved as a community.

B. Delegated Authority

The population of the proposed community is 261,550 per the 2000 U.S. Census Bureau data. *Because the proposed community is within a single political jurisdiction and has a current population of fewer than 300,000, streamlined criteria apply.* The Regional Director has delegated authority to approve the application under CHA 3.

C. SEGs Outside Community

Some of the SEGs the credit union currently serves are located outside the boundaries of the proposed community. The credit union will send a letter to these groups advising

it can no longer actively solicit their members but will continue to serve members of record. The credit union estimates it will lose 210 primary potential members.

2. WELL DEFINED AREA THAT IS A LOCAL COMMUNITY, NEIGHBORHOOD, OR RURAL DISTRICT

A. Geographic Boundaries

This area is described by the following physical boundaries: Route 73 to the south, Montgomery County and Bucks County to the west and north and the Delaware River to the east.

Maps provided by the applicant show the requested community relative to the area, and identify traffic routes and the credit union's office location.

B. Well-defined Local Community, Neighborhood, or Rural District

Political Jurisdictions.

The proposed community is located within one political jurisdiction – the city of Philadelphia, PA.

Geography.

The proposed community is a highly populated, urban area bounded by a river and two counties to the north, west and east and by a major thoroughfare to the south.

Distinct Area within the Greater City of Philadelphia.

The proposed community is comprised of a number of residential sections collectively referred to as Northeast Philadelphia. Other areas of Philadelphia include Center City, South Philadelphia, North Philadelphia and West Philadelphia. These communal areas are distinct from each other and feature unique attributes varying from area to area.

Major Trade Area.

Northeast Philadelphia contains one major shopping center - the Franklin Mills Mall. This mall has over 200 outlets and discounts stores and attracts residents from all portions of the proposed community.

Traffic Flows.

North to south – Two major roadways carry traffic north to south – Interstate 95 in the eastern portion of the area and Route 1 in the central portion of the area.

East to west – The southern boundary of the community is formed by route 73, which runs from the Delaware River to the East toward Montgomery County to the West.

Shared/Common Facilities.

The residents of Northeast Philadelphia share numerous common facilities, including:

- The Northeast Philadelphia Airport – This facility provides commercial air services and serves as an employment and business hub.

- Frankford Hospital –This 239 bed medical/surgical facility provides comprehensive health and wellness services to the residents.
- Northeast Regional Library – This library offers many opportunities for cultural enrichment and hosts educational and artistic programs sponsored by the Pennsylvania Humanities Council.

Organizations.

Many community, civic, religious and social organizations serve the residents of Northeast Philadelphia, including:

- Northeast Baptist Church
- Northeast Philadelphia Church of Christ
- Northeast Cardinal’s Commission on Human Relations
- Northeast Community Ambulance
- Northeast Community Center for Mental Health
- Northeast YMCA
- Northeast Meals on Wheels
- Northeast Parents Resource Center
- Northeast Philadelphia Chamber of Commerce

Newspapers/Publications.

The application included copies of the two neighborhood newspapers that serve the proposed community, *The Northeast Times* and the *Far Northeast Newsgleaner*.

Recreation.

Pennypack Park consists of 1,600 acres of woodlands, meadows, wetlands and fields. The park was established in 1905 by the City of Philadelphia to insure the protection of Pennypack Creek and the surrounding land. Popular activities include hiking on miles of trails, horseback riding, bicycling, picnicking and fishing.

Low Income Analysis

Even though the entire proposed community does not qualify as underserved, a number of low-income sections are within the boundaries. Eleven census tracts, with a total population of 71,574 meet the CDFI low-income criteria. In addition, six census tracts, with a population of 44,823, are designated as a “housing hot zone” (an area with a combination of high poverty, high unemployment, and low income levels).

CONCLUSION

The proposal contains sufficient evidence to support Northeast Philadelphia is a well-defined local community based on streamlined procedures, as outlined in Chapter 2, Section V, of the *Chartering and Field of Membership Manual*. The Northeast Philadelphia is a distinct area within the City of Philadelphia, with one major trade area, shared services and facilities, organizations, a large park area, and community publications demonstrating the area is a local community where residents interact and/or have common interests.

3. OVERLAP ANALYSIS

This area is not applicable because there are no newly chartered, federally insured credit unions in the proposed community.

4. BUSINESS PLAN

Frankford-Quaker FCU offers a number of share and loan products, as shown below:

LOAN PRODUCTS	SHARE PRODUCTS
• Auto Loans	• No fee Share Accounts
• Unsecured Loans	• No fee Share Drafts
• Home Equity & Mortgage Loans	• Certificates of Deposit
• No fee Credit and Debit Cards	• IRAs

These products will provide the residents, particularly those of modest means, with a valuable alternative to predatory lenders and high-cost financial institutions.

Facilities

Frankford-Quaker FCU maintains a single office centrally located within the proposed community. This is a small, compact area that may easily be served by the credit union's existing facility. The credit union's ATM cards may be used at many free ATMs within the proposed community. (b)(4)

(b)(4)

Staff

(b)(8)

Computer System

The credit union has an on-line data processing system through EDS that can accommodate the expansion.

COMMENTS:

Called CU to discuss shared facilities in the proposed community of NE Philadelphia. Asked manager to describe recreational and medical facilities that are shared by the residents of the proposed community. Mr. Marshall indicated the Pennypack Park was the primary focal point for recreation and the Frankford Hospital was the primary focal point for health care. A discussion of these facilities will be added to the request package as supported by this telcon and the attached documentation.

Park History

Pennypack Park was established in 1905 by ordinance of the City of Philadelphia to insure the protection of Pennypack Creek and the preservation of the surrounding land. The park consists of 1,600 acres of woodlands, meadows, wetlands and fields.

The rich history of Pennypack Park began with the Lenni-Lenape Indians who hunted and fished along the creek and from whom the park takes its name. In 1683 William Penn acquired the title to this land from the Lenni-Lenape people. Many historic structures are still intact throughout the park. In 1697 the Pennypack Bridge, one of the oldest stone bridges still in use in the United States, was built on King's Highway, now known as Frankford Avenue. The Pennypack Baptist Church another of the park's historic sites, was built in 1688. The Verree House on Verree Road was the site of a raid by British troops during the Revolutionary War.

The Pennypack Valley was a center of industry throughout the nineteenth and early twentieth centuries with many mills and factories dotting its banks. The remains of this era are evidenced by the ruins that can still be located throughout the park with careful inspection.

Today Pennypack Park is a natural recreational area for all to enjoy. Popular activities include hiking on miles of back woods trails, horseback riding, bicycling on the park's nine mile paved bike path, picnicking and fishing in the Pennypack Creek.

Pennypack Park is the green heart of Northeast Philadelphia; a natural world in the midst of urban development. Throughout the park's woodlands, meadows, wetlands and fields you will see many species of birds, mammals, reptiles and amphibians which have been native to this area for thousands of years.

More than 150 species of nesting and migrating birds can be seen in the park, such as the tiny Ruby-Throated Hummingbird, the Great Blue Heron, Warblers,

the Pileated Woodpecker, several kinds of seabirds, Ducks, Geese, Hawks, Great Horned Owls and the little Screech Owl to name only a few.

Pennypack Park is famous for its large, scattered deer herd but is home to a large variety of mammals, including several kinds of bat, the Red and Gray Fox, Rabbits, Chipmunks, Mice, Muskrats, Woodchucks, Raccoons, Skunks, Opossum and the long-tailed Weasel.

The park is home to many reptile species including several kinds of snakes, Box Turtles, as well as Snapping Turtles and Painted Turtles, Spring Peepers, (a small brownish tree frog), the Common Toad and several kinds of salamanders.

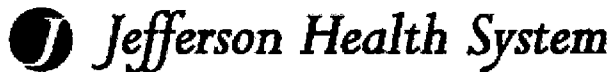

Back Home: 

FOPP History

In 1987, several individuals concerned about the decline in the condition of Pennypack Park had a vision to form an organization which would become an advocate for the park and actively improve its condition. It was determined that this would not be a discussion group, but a roll-up-your sleeves and get things done organization. Current activities of the FOPP include: conducting monthly history and nature walks, monthly park clean-ups, monthly meetings on matters concerning the park and environment, and monitoring the quality of the water in Pennypack Creek on a regular basis.

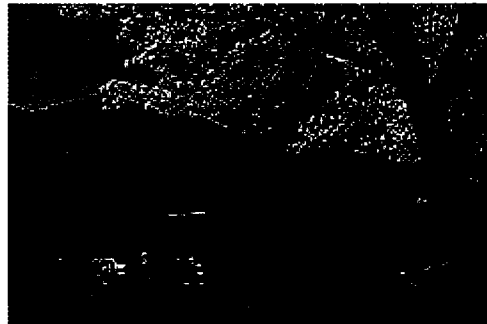

Some past accomplishments of the FOPP include: placing public telephones in the park, repairing and replacing picnic tables and benches throughout the park, placing additional trash cans throughout the park, erecting gates at trail entrances to keep unauthorized motor vehicles out of the park, and installing informational signs at park entrances.

Frankford Hospital - Torresdale

Red Lion and Knights Roads
Philadelphia PA 19114
215-612-4000

Frankford Hospital - Torresdale, located at Knights and Red Lion Roads in the far Northeast, is a 239-bed, medical/surgical facility that offers comprehensive health and wellness services for the whole family.

The hospital provides inpatient medicine, surgery, obstetrics, a Level II neonatal intensive care unit and a comprehensive Cancer Center, which can handle 98 percent of all cancer treatments in a friendly, familiar environment. Torresdale is also a state-accredited Level II trauma center, one of the original nine trauma sites designated by the Commonwealth of Pennsylvania. Among its three locations, Frankford Hospitals handle more emergency visits than any other hospital in the Delaware Valley.

In 1998, Frankford Hospitals partnered with the Albert Einstein Medical Center to open a Heart Center at Torresdale. The Center combines the benefits of experienced heart specialists and advanced technology with the convenience of a nearby community setting to perform nearly 300 surgical heart procedures each year.

RE: Application for Charter Change

Enclosed find the formal application from the Frankford-Quaker F.C.U., Charter No. 12450, for Charter change to a Community based F.C.U. from an Employer based F.C.U. I would like to stress the total importance of this request for the overall well being and survival of this Credit Union. The lack of a Stable Employer Group has weakened our once Strong position and left us sometimes struggling to secure Shares and Loans in this very competitive market. We are committed and determined to stay the course and with a Charter Change to a Community based F.C.U. we strongly believe we can provide the residents of Northeast Philadelphia with all the financial services they would need today and into the future.

A great deal of time and effort has gone into the structure of this application package and it is explained and summarized most carefully to comply with the instructions set forth in the NCUA Regulations.

On behalf of the Board of Directors of the Frankford-Quaker F.C.U. we thank you in advance for your prompt and careful attention to this very important matter. Processing our application in a timely manner would keep us on track and in the time frame we have outlined for ourselves. Please feel free to contact this writer at any time should there be any questions, our phone number is 215-632-9651.

Sincerely,

Paul M. Marshall

EXECUTIVE SUMMARY

The Frankford-Quaker Federal Credit Union (the Credit Union), charter #12450, formerly known as the Frankford Grocers Association FCU, was incorporated in 1958 to serve the members of independent Frankford-Unity grocery store owners and the employees of the Frankford Grocers Association Company. The Credit Union was located at the main office of the Frankford-Quaker Grocery Company at "G" and Erie Street in Philadelphia PA.

In 1988 Fleming Companies Inc. purchased the Frankford-Quaker Grocery Company and relocated facilities to Oaks Pa. The Credit Union expanded its charter to include a portion of the new company's employees. Fleming Companies Inc. had credit union coverage through several other credit unions. The Credit Union was only able to gain access to a small employee division within the facility due to restrictions. The Credit Union then had to find a new location to serve both existing members and new members from the Oaks facility. The office was relocated to Academy Road, a section of Northeast Philadelphia. Since 1990 several new employer groups have been solicited to expand the membership with minimal success.

The Frankford-Quaker FCU has operated with minimal growth and profitability since the loss of its original employer group.

The Board of Directors (the Board) of the Frankford-Quaker FCU solicit the approval of NCUA to grant a change in charter to a community charter covering a community area known as Northeast Philadelphia. The Board feels the future of the Credit Union will be greatly jeopardized if denied the charter change request. The Board has also reviewed the resulting lost of current employee groups and anticipates this to be a minor consequence to the expansion.

TABLE OF CONTENTS

- I. Description of Request
- II. Products and Services Offered
- III. Community Designation
- IV. Marketing Strategy
- V. Competition
- VI. Management
- VII. Financial Data

I. Description of Request

The Board of Directors of the Frankford-Quaker FCU is hereby requesting that NCUA approve a conversion in charter from a multi-group to a community charter. The Board has enclosed information and data supporting the request to convert charters. Demographics of the current membership and the surrounding community have been researched. The Board request that the community designation be Northeast Philadelphia. The geographical area is Route 73 to the south, Montgomery County and Bucks County to the west and north and the Delaware River to the east (exhibit A). The area is further delineated by zip codes (exhibit B).

Year 2000 census information shows a population of less than 300,000 people. As further indicated by the 2000 census information, the majority of the area is low to moderate income. The current HUD median income for the Philadelphia SMSA is \$63,300 (exhibit C)

II. Products and Services

The Credit Union currently offers several loan types including autos, unsecured, home equity and most recently, first mortgages. In addition, the Credit Union offers a MasterCard program through Equifax and a debit card. The Frankford-Quaker FCU also offers an array of share accounts including share drafts, certificates of deposit and IRA's. The Credit Union is a full service credit union and can serve the financial needs of a diverse group of members. The Credit Union maintains an on-line data processing system and can expand with minimal need for additional staff.

III. Community Designation

Products and services will be offered to the individuals who live, work, worship or attend school in the area known as Northeast Philadelphia. Northeast Philadelphia is comprised of a number of residential sections. Collectively, these sections are referred to as Northeast Philadelphia. Other areas of Philadelphia include Center City, South Philadelphia, North Philadelphia and West Philadelphia. These communal areas are distinct and boast of attributes varying from area to area.

As evidenced by the Northeast Times and The News Gleaner, both of these well established daily newspapers indicate their area of service to be the community of Northeast Philadelphia. In addition, the local directory indicates the listing of a large number of businesses and organizations serving the Northeast community (exhibit D).

The Board has reviewed demographic statistics for Northeast Philadelphia, and determined that based on the Credit Unions current location and the size of the area, it would be best able to serve the community from Route 73 south to the Philadelphia county line. There are several large credit unions in the area however, none are community based and as such, there is opportunity to provide credit union service to the community of Northeast Philadelphia. This area contains several low-income areas as measured by the Philadelphia SMSA. The 2002 median income for the Philadelphia SMSA is \$63,300. At least six (6) of the seven (7) zip code areas to be served are under 80% of the median income or \$50,640 (exhibit E). These seven zip codes also represent approximately 25% of the current Credit Union membership households. This is the highest concentration of members for the Credit Union versus any other area in the Philadelphia region. The Frankford-Quaker FCU is located in zip code 19114.

A doctoral dilemma

► **What's ailing doctors?**
It's the sky-high cost of malpractice premiums. It's giving them much more than high blood pressure.

By William Kenny
Times Staff Writer

There is a definite urgency in the voice of Dr. James J. Tayoun, head of surgery at St. Agnes Hospital in South Philadelphia and president of the 700-member Politically Active Physicians' Association.

The haste is in Tayoun's tone, and his words as he gives his assessment of Pennsylvania's medical malpractice crisis and how it is impacting care locally — how, he says, state legislators must act soon or there may be little of the local health care industry left to save.

"It's too late if we wait until January (to act)," Tayoun told the *Northeast Times* in a recent interview. "A lot of physicians are due on December 31 for January. They're going to be closing."

Byberry plans are moving right along

By William Kenny
Times Staff Writer

Redevelopment of the former Philadelphia State Hospital at Byberry may be one step closer to reality after a meeting last week of the Somerton Civic Association.

On Nov. 12, the SCA voted overwhelmingly

to support a conceptual redevelopment plan presented by leaders of the Philadelphia Industrial Development Corporation during the meeting, held at Walker Lodge 306.

The plan calls for roughly a 50/50 split of land that can be developed into commercial and residential uses, excluding 25.6 acres earmarked for preservation as an open space buffer zone between the new development and

existing homes.

In all, the PIDC proposal accounts for 131.2 acres of ground on the northwest corner of Roosevelt Boulevard and Southampton Road.

Another 22.3 acres on the south side of Southampton Road would be left for what has been described as community recreational use.

The Week in Review

TOPICAL NEWS ITEMS IN BRIEF

Officer shot in robbery

Philadelphia Police Officer Shawn Simkins is expected to make a full recovery after he was shot twice while halting a robbery at a Germantown deli. Simkins was listed in stable condition after being hit in the arm and groin. One of the two robbers was shot dead. Police released few details pending the investigation of the incident. Simkins entered the In & Out Deli in the 5100 block of Germantown Avenue when the shoot-out occurred. Police identified the dead man as Arthur Knox, 34, of Norristown.

Man killed at hotel

An unidentified 25-year-old was shot and killed by two men who chased him into the Days Inn hotel in the 4200 block of Roosevelt Boulevard. Police were called to room 256 where they found the man dying from the wounds. His name was not released. Police said two men chased him into the room, though it is not clear whether those registered to the room knew the victim. Witnesses said the suspects ran from the hotel, and broke the victim's car window to steal something.

Freeze bill frozen

A proposed freeze on property-tax assessments lost another vote in City Council. By a vote of 10-7, Council voted against considering City Councilman Frank DiCiccio's (D-1) bill to freeze property-tax bills until Council can come up with a plan to cap the increases. But some members have been working on some kind of compromise with the administration. Now frozen until next

Plan endorsed for housing, offices at hospital

BY NICOLE CLARK
Staff Writer

An overwhelming majority of Somerton Civic Association members voted to support a plan to build office space and senior housing on the grounds of the former Byberry hospital at Roosevelt Boulevard and Southampton Road.

At last week's SCA meeting, the Philadelphia Industrial Development Corporation presented its proposal to develop a three- or four-story office building on 50 acres and a 55-plus community on the remaining 55 acres included in the organization's contract with the state.

Only six people of about 70 at the meeting opposed the plan, citing traffic concerns. But SCA president Mary Jane Hazell said the group's approvals conditional upon several provisos.

Neighbors originally had asked that an entrance/exit not be built at the Southampton border no matter what's developed. They fear traffic, already heavily congested, especially during the morning rush, would worsen. But the proposal includes a cutout for residents of the housing community. PIDC president Peter Longstreet said PIDC will fund a traffic study and reconstruction of the intersection at Southampton and the Boulevard if necessary before any demolition work begins. The SCA wants a left lane added at the corner of Southampton Road west of Roosevelt Boulevard. Currently, motorists cross the Boulevard from the right or straight lane. Southampton Road east of the Roosevelt Boulevard already has a left, right and straight lane.

Duplicate Page

Duplicate Page

- Frankford Hospital –This 239 bed medical/surgical facility provides comprehensive health and wellness services to the residents.
- Northeast Regional Library – This library offers many opportunities for cultural enrichment and hosts educational and artistic programs sponsored by the Pennsylvania Humanities Council.

Organizations.

Many community, civic, religious and social organizations serve the residents of Northeast Philadelphia, including:

- Northeast Baptist Church
- Northeast Philadelphia Church of Christ
- Northeast Cardinal’s Commission on Human Relations
- Northeast Community Ambulance
- Northeast Community Center for Mental Health
- Northeast YMCA
- Northeast Meals on Wheels
- Northeast Parents Resource Center
- Northeast Philadelphia Chamber of Commerce

Newspapers/Publications.

The application included copies of the two neighborhood newspapers that serve the proposed community, *The Northeast Times* and the *Far Northeast Newsgleaner*.

Recreation.

Pennypack Park consists of 1,600 acres of woodlands, meadows, wetlands and fields. The park was established in 1905 by the City of Philadelphia to insure the protection of Pennypack Creek and the surrounding land. Popular activities include hiking on miles of trails, horseback riding, bicycling, picnicking and fishing.

Low Income Analysis

Even though the entire proposed community does not qualify as underserved, a number of low-income sections are within the boundaries. Eleven census tracts, with a total population of 71,574 meet the CDFI low-income criteria. In addition, six census tracts, with a population of 44,823, are designated as a “housing hot zone” (an area with a combination of high poverty, high unemployment, and low income levels).

CONCLUSION

The proposal contains sufficient evidence to support Northeast Philadelphia is a well-defined local community based on streamlined procedures, as outlined in Chapter 2, Section V, of the *Chartering and Field of Membership Manual*. The Northeast Philadelphia is a distinct area within the City of Philadelphia, with one major trade area, shared services and facilities, organizations, a large park area, and community publications demonstrating the area is a local community where residents interact and/or have common interests.
