INSTRUCTIONS FOR COMPLETING FORM FDA 2684 (4/02)

1. **Inspections Accomplished** - Report total inspections for month, and a breakout by routine, etc., inspections. The sum of b + c + d must equal the total number of inspections reported. "Visits" (line "d") are reported when an inspection cannot be completed because an establishment is found to be out-of-business, not Official Establishment Inventory (OEI), or inactive.

2. **Samples** - Breakout data for total number of samples reported in that month.

3. **Compliance Actions** - Taken as a result of contract inspections.
 - a. Warning Letters - Include all letters and notices sent to a firm's management informing or warning them of adverse conditions found during an inspection.
 - b. Embargoes/Seizures - Number of actions taken in conjunction with inspections, which withhold or remove merchandise from the market.
 - c. Hearings Conducted - Number held as a result of inspections.
 - d. Prosecutions/Injunctions - Include court actions, i.e., prosecutions, and injunctions. Report number when action filed. Include summary of results on continuation sheet upon completion of action, but do not count again.

Other Actions - Actions not fitting above categories (*i.e., recalls, license suspensions, administrative penalties*) should be reported here and type of action(s) should be specified.

4. **Reporting** - Include with this report a list of the establishments inspected, indicating firm name, city, date inspected and number of samples collected. Submit the original to FDA District Office with copies to:
