1 Data comes from reports submitted by contractors upon completion of projects costing at least \$1 million. Prior to ISTEA, data were not collected for projects on the FAS system or off the Federal-aid systems. Since ISTEA, only NHS data are collected.

2 The year shown is the year FHWA received the report

of the completed project.

3 Labor hours shown are for "on-site" work only, and do not include off-site work at materials plants, suppliers, office staff, management, etc.

4 Number of jobs equals total hours divided by 1600.
