SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, 5 U.S.C. app. 2, notice is hereby given that the National Medal of Technology Nomination Evaluation Committee (NMTNEC), Technology Administration, will meet at the U.S. Department of Commerce in the District of Columbia.

The committee, consisting of twelve members, was established in accordance with the provisions of the Committee's charter and the Federal Advisory Committee Act. The NMTNEC meeting will be closed to the public in accordance with Section 552b(c)(9)(B) of Title 5, U.S.C. because it will involve discussion of relative merits of persons and companies nominated for the Medal. Public disclosure of this information would likely frustrate implementation of the National Medal of Technology program because premature publicity about candidates under consideration for the Medal, who may or may not ultimately receive the award, would be likely to discourage nominations for the Medal.

The Secretary of Commerce is responsible for recommending to the President prospective recipients of the National Medal of Technology. The committee makes its recommendations for Medal candidates to the Secretary of Commerce, who in turn makes recommendations to the President for final selection. Committee members are drawn from both the public and private sectors and are appointed by the Secretary for three-year terms, with eligibility for one reappointment. The committee members are composed of distinguished experts in the fields of science, technology, business and patent law.

The Assistant Secretary for Administration, with the concurrence of the General Counsel, formally determined on March 14, 2007 pursuant to Section 10(d) of the Federal Advisory Committee Act, that the meeting may be closed because they are concerned with matters that are within the purview of 5 U.S.C. 552(c)(4), (6) and (9)(B). Due to closure of the meeting, copies of the minutes of the meeting will not be available. A copy of the determination is available for public inspection in Technology Administration, Room 4824, U.S. Department of Commerce.

Dated: March 19, 2007.

Robert C. Cresanti,

Under Secretary for Technology.

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Propose ways to enhance the quality, utility, and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection

techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Comments

A 60-day public comment Notice was published in the **Federal Register** on October 3, 2006. This comment period ended December 11, 2006. No public comments were received from this notice.

Description: The Corporation was soliciting comments concerning the proposed renewal of its Learn and Serve America Progress Report. These reports must be completed by all Learn and Serve America grantees in order to ensure appropriate Federal oversight, determine progress toward meeting program objectives and make decisions related to continuation funding.

Learn and Serve America provides grants to state education agencies, higher education institutions, tribes, and U.S. Territories, national nonprofits and state commissions on nation and community service to implement service-learning programs. To ensure appropriate oversight of Federal funds, Learn and Serve America requires all grant recipients to submit Progress Reports describing grant activities and progress toward approved program objectives. Information received from the reports informs continuation funding decisions and how to target training and technical assistance.
