RE: TTB Notice No.4

To Whom It May Concern:

The recovery of the U.S. economy is already weighed down with too many taxes and costly regulations. We should be eliminating these impediments to our economic recovery. The last thing we need is more of them, like the proposed TTB rule concerning flavored malt beverages.

Let's not be in a hurry to change regulations that have greatly served the flavored malt beverage market for 30 years and will continue to do so. We do not need further regulations, especially the proposed TTB rules.

Please oppose this rules change. Your participation in finding a compromise solution would also be deeply appreciated.

Sincerely,

Bill Sanders
