

## Radar Video Maps

- ✦ Provide accurate depictions of airspace geography as well as ground geography on the radar screen to the air traffic controller to optimize air traffic control and navigation.
- ✦ Specific products include:
  - Visual Flight Rules Map (VFR)
  - Instrument Flight Rules Map (IFR)
  - Emergency Obstruction Video Map (EOVM)
  - Minimum Vector Map (MVA)
  - Sector Design Analysis Tool (SDAT) Validation
  - Minimum Safe Altitude Warning (MSAW): General
  - Terrain Maps (GTM)
- ✦ Maps are produced for Air Traffic Control facilities on request.
