Dear Sir/Madam:

RE: TTB Notice Number Four

With all the taxes that small businesses like mine are paying now, it is virtually impossible to stay in business. We don't need any additional regulations like the one proposed by the TTB (Notice No. 4) regarding the flavored malt beverage industry. Enough is enough! America's excessive taxes and business regulations represent our biggest obstacle to economic recovery. The proposed rules changes concerning flavored malt beverages would only make that obstacle bigger.

Finally, the ATF/TTB got it right when the agency concluded that flavored malt beverage sales have no negative impact on federal excise tax receipts. Please dont commit the expensive irony of passing rules that will create exactly the negatively impact they are trying to avoid.

Please do everything possible to resist this rules change and work out a reasonable compromise.

Regards

Carol Morgan
