Subject: TTB Notice No. 4

As a state legislative representative for Miller Brewing Company, I support TTB's rulemaking in favor of flavored malt beverages that preserve the integrity of beer. I believe the proposed rule clarifies that if an FMB product is sold as a malt beverage, it will be because it was brewed by traditional means. It will also help the consumers, wholesalers and retailers by avoiding a patchwork of inconsistent state and local regulations based on different definitions of the product.
