Dear Sir or Madam:

As Majority Leader of the Utah House of Representatives, I am writing to express my support for the U.S. Treasury's Alcohol and Tobacco Tax and Trade Bureau proposed rulemaking for flavored malt beverages (200 1R-136P).

I believe the Tax and Trade Bureau's action is an important clarification of federal alcohol categories established to maintain an orderly U.S. marketplace. Further, I believe the debate surrounding the proposed standard poses important issues for the stability of the retail licensing system and the overall marketplace.

Absent a national standard rooted in existing law and regulation, manufacturers, retailers, and wholesalers will face a potential for a patchwork of individual state laws and regulations where the same product may ultimately be sold as "beer" in one state and as "distilled spirits" in another. I would, therefore, support a national uniform alcoholic beverage standard.

Thank you for the opportunity for me to offer my support for the current Tax and Trade Bureau proposed rulemaking for the flavored malt beverages.

Greg J. Curtis
Majority Leader
