Dear Chief, Regulations and Procedures Division:

I am writing in support of the proposed 0.5 percent standard for flavored malt beverages.

The proposed standard is the best way to maintain clear distinctions between beer and liquor and it is the best way to preserve the flavored malt beverage category.

The 51/49% rule is just a way to sell hard liquor without calling it what it really is. The proposed 0.5% is a reasonable standard.

Thank you.
