Dear Sir/Madam:

RE: TTB Notice Number Four

TTB Notice No. 4 is an attack on business and the consumers who support that business. It seems to me that the government should support business and consumers more than ever at this time. I'm writing asking for your help.

The people most unfairly punished by these new regulations would be the small retailers and the hardworking individuals who sell flavored malt beverages. Don't deny them the modest revenue they get from the sales of these beverages.

This change in rules would only serve to penalize small businesses, their customers and their employees; I am asking you to oppose it. Thank you in advance.

Regards,

Amarjit Arora
