Attn: Notice 4

Dear Sir or Madam

I am writing to express my support for 2001R-136P, the proposal regarding flavored malt beverages and their classification.

By clarifying that products marketed, sold, and taxed as malt beverages are made according to traditional brewing methods and processes, the proposed 0.5% standard ensures consistency in production from one brewery to another.

Thank you for the opportunity to offer my support for the current TTB proposed rulemaking for flavored malt beverages.

Sincerely,

Gregg Underheim
