Dear Chief, Regulations and Procedures Division:'

These changes will be expensive and I could end up paying more.

- The federal government shouldn't waste my tax dollars changing the way my favorite drinks are made.
- I don't want these proposed changes.
- The federal government should handle bigger problems like creating jobs and improving the economy.

These are not my drinks of choice, but this is just another example of government wasting the money I WORK MY ASS FOR and have to cough up for some ridiculous waste of time by the government. This is another example of the government yahoos being too damn lazy to address REAL issues, like um, health care, and sticking their noses in places they don't belong, simply to APPEAR busy. Some advice: THE AMERICAN PEOPLE ARE GETTING PISSED AND WE VOTE ACCORDINGLY
