Ref: (a) COMDTINST M7220.29 (series), U.S. Coast Guard Pay Manual

1. **PURPOSE.** This Instruction provides policy, assigns responsibilities, and establishes procedures for implementing subject program.
2. **ACTION.** Area and district commanders, commanders of maintenance and logistics commands, and commanding officers of headquarters units, shall ensure compliance with the provisions of this instruction.
3. **DIRECTIVES AFFECTED.** COMDTINST 1760.9 is cancelled.
4. **BACKGROUND.** The Montgomery G.I. Bill (MGIB) Active Duty Educational Assistance Program was established by Public Law 98-525 under Chapter 30 Title 38, U.S. Code. It is a voluntary program intended to provide educational assistance to members initially entering active duty on or after 1 July 1985. Active duty Coast Guard personnel automatically participate in this program unless they sign Form DD-2366 Veterans' Educational Assistance Act of 1984 (GI Bill) declining participation. The Public Law further extends eligibility to members entitled to educational benefits under the Vietnam Era G.I. Bill who satisfy certain eligibility criteria. Effective 1 October 1994, the National Defense Authorization Act for FY 95 allows

4. (cont'd) certain members being involuntarily separated to participate in the program. This includes those under VEAP and members who previously declined enrollment in the MGIB program.
5. OBJECTIVES. This program was designed to:
 - a. Provide the benefits of a higher education to personnel who might not otherwise be able to afford this education.
 - b. Assist in recruiting highly qualified personnel into the Active and Reserve components of the Armed Forces.
 - c. Assist personnel in adjusting to civilian life after separation from military service.
 - d. Restore lost educational benefits to those Vietnam Era personnel who continued to serve on active duty after 30 June 1985.
 - e. Enhance our nation's competitiveness through the development of more highly educated and productive citizens.
6. DISCUSSION. Eligibility criteria and benefits are attached as enclosures (1), (2) and (3). Enclosure (1) pertains to non-prior service personnel initially entering active duty on or after 1 July 1985. Enclosure (2) applies to Vietnam Era G.I. Bill eligibles whose benefits were converted to the MGIB on 1 January 1990. Enclosure (3) addresses conversion into the MGIB by members involuntarily separated after 1 October 1994.
7. RESPONSIBILITIES.

MGIB benefits are not payable to estates. A determination must be made that the deceased member would have been eligible for MGIB benefits except for length of service or high school requirement prior to payment being authorized.
 - (6) Ensure survivors are notified that they must make application for the death benefit provision of this program directly to the Department of Veterans Affairs (DVA) Regional Office, P.O. Box 66830, St. Louis, MO 63166-6830. There is no time limit on the filing of the application.

To qualify for benefits under this section, a member must affiliate with the SELRES within 1 year of release from active duty.

This also includes those members in the 2 + 4 program (2 years of active duty followed by 4 years in the SELRES). For the 2 + 4 program, the number of months of entitlement is equal to 1 month for each month of active duty plus 1 month for each 4 months served in the SELRES.

These include programs in institutions of higher learning, courses in non-college degree schools, programs of apprenticeship, cooperative training, on-the-job training, remedial, refresher, and deficiency courses, correspondence training, and tutorial assistance. Additional information on authorized programs may be obtained from local DVA offices.

3. EXCEPTIONS TO TIME-IN-SERVICE REQUIREMENTS

- A. Members whose initial active duty obligation is 3 years or longer must serve at least 30 continuous months of that obligation and be separated for the Convenience of the Government with an honorable discharge to receive benefits of \$416.62 a month for 36 months or must serve at least 24 months of that obligation, be separated for the Convenience of the Government with an honorable discharge, and incur an obligation to serve at least 4 years in the SELRES. To qualify for benefits under this section, a member must affiliate with the SELRES within 1 year of release from active duty. During the member's time in the SELRES they must continuously and satisfactorily participate in reserve training to be eligible to receive benefits of \$416.62 a month for 36 months.
- B. Members whose initial active duty obligation is less than 3 years, must serve at least 20 continuous months of that obligation and be separated for the Convenience of the Government with an honorable discharge to receive benefits of \$338.51 a month for 36 months.
- C. Members with an initial obligation of 2 years of active duty followed by 4 years in the SELRES (2 + 4 enlistments) must complete a minimum of 2 years of active duty, unless discharged under the provisions of 10 USC 1171 (early out discharge). In that case, members must have served at least 21 continuous months on active duty and serve their Selected Reserve obligation of at least 4 years to be eligible to receive benefits of \$416.62 a month for 36 months. However, a 2 + 4 enlistee can complete at least 20 months of the 2 year active duty obligation, be discharged for Convenience of the Government with an honorable discharge, not fulfill the SELRES obligation, and still remain eligible for benefits of \$338.51 a month for 36 months.
- D. A service member who is discharged or released from active duty prior to serving the minimum 30 months of a three year or longer enlistment or 20 months of a 2 year enlistment for a service-connected disability, hardship under 10 USC 1173, a pre-service medical condition that the DVA determines is not service connected, or for the Convenience of the Government due to a reduction-in-force (RIF), may be considered eligible for limited educational

3. D. (cont'd) assistance. Entitlement is limited to 1 month of educational assistance benefits for each month of active duty served.

4. ADMINISTRATIVE INFORMATION

- A. Within the first 2 weeks of active duty, all individuals eligible for the MGIB must complete Form DD-2366 (in triplicate), signing all copies and indicating whether they wish to participate or not participate in the program. Members participating in the program will have their monthly base pay reduced \$100.00 for each of the first 12 months on active duty. Form CG-4222 will be used to authorize the pay reduction.
- B. The member's decision to participate or not participate in the MGIB is IRREVOCABLE. THE \$1200.00 IS NOT REFUNDABLE FOR ANY REASON AND CANNOT BE SUSPENDED OR STOPPED.
- C. Members failing to submit a completed DD-2366 are automatically enrolled in the program.

5. INELIGIBILITY FOR THE MGIB EDUCATIONAL ASSISTANCE PROGRAM

- A. Service member who graduates from the Coast Guard Academy or other Service Academy and receives a commission in the Armed Forces.

- C. Coast Guard MORE, PPEP and PA candidates.
- D. Service members entering active duty, for the first time, during the period 1 January 1977 through 30 June 1985. These people were only authorized educational benefits under the Veterans Educational Assistance Program (VEAP)(Chapter 32) and are ineligible to participate in the MGIB program. (NOTE: Individuals who contracted with the Armed Services before 31 December 1976 and entered active duty between 1 January 1977 and 2 January 1978 under the Delayed Entry Program (DEP) are not VEAP eligibles. Instead, they were eligible for the Vietnam

5. D. (cont'd) Era G.I. Bill and their benefits were rolled over if specific active duty requirements were met.)
6. PROCEDURES FOR APPLYING FOR BENEFITS
 - A. Application for MGIB benefits may only be made through the office responsible for handling veterans affairs at the educational institution to be attended or by applying at the local DVA office.
 - B. A completed VA Form 22-1990, Application for Education Benefits, must be submitted to the institution which the applicant is, or will be, attending or the local DVA office.
7. DURATION OF BENEFITS
 - A. Benefits may be used for 10 years from the date of last discharge or release from active duty. In the case of an individual who is serving 2 years on active duty and 4 years in the Selected Reserve, the delimiting period is 10 years from the end of their Reserve duty obligation.
 - B. If the Coast Guard upgrades a discharge, that previously prevented a veteran from receiving MGIB benefits, to an honorable discharge, the veteran's delimiting period is 10 years from the date of the decision to upgrade the discharge.
 - C. The 36 months of educational entitlement must be used prior to the 10 year period previously stated. In all cases, the full 36 months of entitlement, or any unused portion of the entitlement, will cease to exist after this 10 year period.

**MONTGOMERY G.I. BILL - PROVISIONS FOR VIETNAM ERA G.I. BILL
ELIGIBLES CONVERTED TO MGIB**

1. ELIGIBILITY CRITERIA.

- A. Service member must have been eligible for and had remaining entitlement under the Vietnam Era G.I. Bill on 31 December 1989.
- B. Service member must have been on active duty anytime between 19 October 1984 through 30 June 1985 and remained on active duty for 36 months after 30 June 1985, or on continuous active duty for 30 months after 30 June 1985 and be separated for convenience of the Government.
- C. A member discharged or released from active duty after 30 June 1985 for a service-connected disability or a hardship under 10 USC 1173, or a pre-service medical condition that the DVA determines is not service-connected, may also convert limited benefits to the MGIB. For those members separated after 1 October 1987 for Convenience of the Government, due to an involuntary reduction in force (RIF), and who have not met the active duty requirement previously stated, may also convert limited benefits to the MGIB. Members in these categories will be able to convert one month of their Vietnam Era G.I. Bill benefits that they have remaining as of 31 December 1989 for each month served after 30 June 1985. The conversion cannot exceed 36 months.
- D. A member must have met the requirements for a high school diploma or equivalency certificate prior to separation or discharge from active duty or by 31 December 1989, whichever date would be earlier. A diploma from any jurisdiction, including a foreign country, meets the eligibility requirement for Vietnam Era G.I. Bill eligibles who will be converted to the MGIB. Completion of 12 semester hours of college credit may be substituted for this requirement.

2. BENEFITS.

Benefits for Vietnam Era G.I. Bill eligible personnel expired on 31 December 1989 and any entitlement the member had remaining, as long as they met the conversion requirements, were converted to the MGIB on 1 January 1990.

Enclosure (2) to COMDTINST 1760.9A

2. B. The number of months of educational assistance to which an individual is entitled under the MGIB may not exceed the number of months of entitlement they had remaining under the Vietnam Era G.I. Bill on 31 December 1989, or 36 months, whichever is less. If an individual has used all 45 months of entitlement available under the Vietnam Era G.I. Bill prior to 1 January 1990, then there is no remaining entitlement to be converted to the MGIB.
- C. Under the DVA rules, a member who gains entitlement to two or more DVA education programs may be authorized up to a maximum of 48 months of education entitlement. An individual who has education entitlement remaining on 1 January 1990, will have gained entitlement to two DVA education programs, Chapter 34 (Vietnam Era G.I. Bill) and Chapter 30 (MGIB), and could be authorized up to a maximum of 48 months of education entitlement. To determine the maximum amount of benefits which will be converted to the MGIB a member must subtract the amount of Vietnam Era benefits used from the 48 month total. Any remaining entitlement, up to a maximum of 36 months, will be converted. As an example, if an individual has used 25 months of their 45 month Vietnam Era entitlement prior to 1 January 1990, then the 25 months would be subtracted from 48 months (dual eligibility benefit) leaving the member with 23 months of entitlement being converted to the MGIB. The additional 3 months of entitlement the member obtains, by being eligible for dual DVA education programs, will be paid at the MGIB rate and not at the conversion rate. Again, if the member has not used any of the Vietnam Era benefit, the maximum that will be converted to the MGIB will be 36 months which will be paid at the conversion rate.
- D. Educational assistance payments for those personnel whose benefits were converted to the MGIB:

Participants must have a high school diploma or an equivalency certificate before using benefits in service.
- F. Trainees will be reimbursed for only 55 percent of the approved charges for correspondence courses. Lessons completed by the student and lessons serviced by the school shall be certified quarterly. No benefits can be paid until the certification is received.
- G. Benefits may be paid to a member for attendance at an institution approved for veteran's training. These include institutions of higher learning, courses in non-college degree schools, programs of apprenticeship, cooperative training, on-the-job training, remedial courses, refresher courses, deficiency courses, correspondence training, independent study courses, some open-circuit television courses, and tutorial assistance. Additional information on authorized programs may be obtained from local DVA offices.

3. PROCEDURES FOR APPLYING FOR MGIB CONVERSION BENEFITS

- A. In order to receive benefits, whether in or out of the service, applicants must turn in a completed VA Form 22-1990 (Application for Education Benefits), to the

Enclosure (2) to COMDTINST 1760.9A

3.
 - A. (cont'd) educational institution office that handles veteran's affairs that they are or will be attending, or to their local DVA office.
 - B. The school or local DVA office will forward completed VA Form 22-1990 to the office responsible for processing the application.
4. DURATION OF BENEFITS
 - A. The time allocation allowed for use of MGIB education benefits is 10 years from their last date of discharge or release from active duty; or 10 years from the last day on which the individual becomes eligible for educational assistance, whichever is later. For example, a veteran discharged in September 1988 is eligible to receive only Vietnam Era G.I. Bill benefits through 31 December 1989. Eligibility for the MGIB begins on 1 January 1990. For this member, the 10 year delimiting period for the MGIB education benefits would end on 1 January 2000.
 - B. Full benefits are available to service members discharged for the Convenience of the Government only if the member serves on active duty anytime between 19 October 1984 through 30 June 1985. They also must have remained on active duty from that point through 30 June 1988, without a break in service of more than 90 days and complete not less than 30 months of active duty after 30 June 1985.
 - C. For some personnel, the 10 year delimiting period will be reduced by the amount of time they were not serving on active duty from 1 January 1977 through 18 October 1984.
