

Status of Hazardous Materials or Dangerous Goods Program

You must submit a hazardous materials program, which includes your hazardous materials manual and training program. When you develop your hazardous materials training program, you should use the latest version of Advisory Circular ([AC 121-27](#)), information guide for training programs and manual requirements in the air transportation of hazardous materials. For additional information see, FAA Order 8900.1, [Volume 2, Chapter 2, Section 6](#).
