¹ Limits may be set in terms of dollar or day ceiling on benefits, a requirement that the participant pay a percentage of costs (coinsurance), or a requirement that the participant pay a specific amount (deductible or copayment) before reimbursement begins or services are rendered.

² Less than 0.5.

³ The categories are based on the average wage for each occupation surveyed, which may include workers with earnings both above and below the threshold. The average wages

are based on the estimates published in the "National Compensation Survey: Occupational Earnings in the United States, 2010." See Technical Note for more details.

NOTE: Because of rounding, sums of individual items may not equal totals. Dashes indicate that no data were reported or that data do not meet publication criteria. For definitions of major plans, key provisions, and related terms, see the "Glossary of Employee Benefit Terms" at www.bls.gov/ncs/ebs/glossary20102011.htm.
