

Dear Representative Young,

I had a great time on capitol hill meeting with Jason in your office. It would have been awesome to meet you as well but everyone was on recess and I know you need that break. I do agree with your views on ANWR and health care. I'm almost 18 years old and love running. I have lived in Alaska all my life and will be obtaining my eagle scout Award in May of 2010. I love the state of Alaska and at some point in my life, I want to get involved much more in our states government.

Someday I want to come back and meet with you in person. But maybe I will see you in Alaska someday.

Best wishes and thank you for all you do for our state,

-charlie Herman from Delta Junction, Alaska
