

Directions to OSR

Take the Metro Blue/Yellow Line to the Pentagon – exit the station to the left and proceed up the escalator to the security check-in station or to the security entrances if you have a valid DoD ID or CAC. Enter the building and wait in the visitor area to the left (before the turnstiles) for an escort from OSR (please call ahead to provide your estimated time of arrival). If you have a Pentagon ID proceed through the turnstiles and up the escalators to the 2nd floor. Head down the 1st corridor to the A ring and bear right. Proceed down the A ring past the 9/10 and 7/8 corridor intersections to just past the 5/6 corridor intersection. The OSR office is just ahead to your right at 2A534. Press the access button for entry to the Office of Security Review (OSR). Please call the OSR Help Desk at (703) 614-5001 for access, an escort or for directions to the Pentagon and local parking if you will be driving.
