SUPPLEMENTARY INFORMATION:

Technical Amendment

On December 16, 2011 (76 FR 78141), the FAA published a final rule; technical amendment. This final rule; technical amendment was originally published to correct a final rule published on August 21, 2009 (74 FR 42500). That original final rule revised the training, qualification, certification, and operating requirements for pilots, flight instructors, ground instructors, and pilot schools. The FAA is now issuing an additional final rule; technical amendment that corrects the codified text that was inadvertently deleted in § 61.23.

Because the changes in this technical amendment result in no substantive change, we find good cause exists under 5 U.S.C. 553(d)(3) to make the amendment effective in less than 30 days.
