The Honorable Tim Johnson  
Chairman  
Committee on Banking, Housing,  
and Urban Affairs  
United States Senate  
Washington, DC 20510

Dear Chairman Johnson:

I am transmitting the Federal Housing Finance Agency's (FHFA) Federal Property Manager's report in accordance with Section 110 of the Emergency Economic Stabilization Act of 2008 (EESA), titled *Assistance to Homeowners*. Section 110 of EESA directs Federal Property Managers (FPM) to develop and implement plans to maximize assistance for homeowners and encourage servicers of underlying mortgages to take advantage of programs to minimize foreclosures. FHFA is a designated FPM in its role as conservator for Fannie Mae and Freddie Mac. Each FPM is also required to report to Congress the number and types of loan modifications and the number of foreclosures during the reporting period.

Reducing Enterprise losses by preventing avoidable foreclosures through loan modification and mortgage refinances remains a top priority at FHFA. We continue to explore ways to maximize assistance for homeowners and minimize preventable foreclosures consistent with the intent of EESA.

Sincerely,

Peter Brereton  
Associate Director for Congressional Affairs

## First Quarter 2012 Highlights

### The Enterprises' Completed Foreclosure Prevention Actions:

- The Enterprises have completed nearly 2.3 million foreclosure prevention actions since the start of conservatorship in September 2008. Over 1.9 million of these actions have helped borrowers keep their homes including more than 1.1 million permanent loan modifications.

## Home Affordable Modification Program (HAMP) - Status Update

### Home Affordable Modification Program (HAMP)

- Announced March 4, 2009.
- Allows a borrower's payment to be reduced to an affordable amount through an interest rate reduction (down to 2 percent), a term extension (up to 480 months), or principal forbearance. Incentives are being offered to borrowers, servicers, and investors for program participation and a successful payment history.
- Approximately 960,900 homeowners have been offered a HAMP trial modification since the program started in April 2009. Nearly 508,600 of these homeowners have been granted HAMP permanent modifications.
- About 14,000 HAMP trials became permanent modifications in the first quarter, bringing the total number of active HAMP permanent modifications to approximately 413,900.
- Nearly 31,100 borrowers were in a HAMP trial modification period at the end of the quarter, down from 36,400 at the end of the fourth quarter. The decline was due to conversions to permanent modifications.

## Foreclosure Prevention Activity: Home Forfeiture Actions

Approximately 34,400 short sales and deeds-in-lieu were completed in the first quarter, bringing the total to nearly 339,000 since the start of conservatorship. The Enterprises continue to offer short sales and deeds-in-lieu as options for borrowers who can no longer afford their mortgages to avoid going through the foreclosure process. These foreclosure alternatives help to reduce the severity of losses resulting from a borrower's default and minimize the impact of foreclosures on borrowers, communities, and neighborhoods.

# Foreclosures

The Enterprises' third-party and foreclosure sales declined slightly while foreclosure starts increased for the first time since third quarter of 2010.

## Real Estate Owned (REO) Activity & Inventory

The Enterprises' REO inventory continued to decline in the first quarter due to increases in property dispositions and decreases in property acquisitions.

## **State Level Data**

## Delinquent Loans by State

A substantial number of the Enterprises' delinquent borrowers are deeply (365+ days) delinquent. At the end of the first quarter, more than half of the serious delinquent (90+ days delinquent) borrowers have missed more than one year of mortgage payments. In Florida, the number of loans that have been delinquent for one year or more exceeds the total number of delinquent loans in every other state except California.

<sup>1</sup> The number of foreclosure prevention actions reported in this table may not tie to the Enterprises' financial statements due to timing differences in reporting systems.

<sup>2</sup> Forbearance plans initiated include HAMP trials initiated by servicers under the MHA program. In addition, starting in August, forbearance plans initiated include Fannie Mae's HomeSaver forbearance plans. HAMP trial modifications are based on the first trial payment posted date. HAMP permanent modifications are based on the effective date of modification. As of March 31, 2012, Fannie Mae had completed 253,200 HAMP permanent modifications and Freddie Mac had completed more than 160,600 HAMP permanent modifications.

<sup>3</sup> Includes loans that were 30+ days delinquent at initiation of the plan. In addition, the completed forbearance plans data have been revised to exclude HAMP.

<sup>1</sup> Since the first full quarter in conservatorship (4Q08). The state level data for repayment plans and forbearance plans are not available for 1Q08 and 2009.<sup>2</sup> Consists of HomeSaver Advance (Fannie Mae) and Charge-offs-in-lieu.<sup>3</sup> Consists of Guam, Puerto Rico, Virgin Islands and other loans for which data are not available.

FHFA produces monthly and quarterly versions of the Foreclosure Prevention & Refinance Report. In addition to the data provided in the monthly reports, the quarterly reports include the following information: MHA program updates; benchmarking of the Enterprises' delinquency rates; the type and depth of loan modifications; and the performance of modified loans.

## Glossary

*Data and definitions in this report have been revised relative to prior versions of the report. FHFA continues to work with the Enterprises to improve the comparability of reported data.*

### Section 1: Mortgage Performance

**Total Loans Serviced** - Total conventional active book of business, excluding loans that were liquidated during the month.

**Current and Performing** - Loans that are making timely payments and are 0 months delinquent as of the reporting month.

**Total Delinquent Loans** - Loans that are at least one payment past due, i.e., total servicing *minus* current and performing.

**30-59 Days Delinquent** - Includes loans that are only one payment delinquent.

**60-89 Days Delinquent** - Includes loans that are only two payments delinquent.

**60-plus-days Delinquent** - Loans that are two or more payments delinquent, including loans in relief, in the process of foreclosure, or in the process of bankruptcy, i.e., total servicing *minus* current and performing, and 30 to 59 days delinquent loans. Our calculation may exclude loans in bankruptcy process that are less than 60 days delinquent.

**Serious Delinquency** - All loans in the process of foreclosure *plus* loans that are three or more payments delinquent (including loans in the process of bankruptcy).

**In Bankruptcy** - Loans in the process of bankruptcy; includes all delinquency status.

### Section 2: Completed Foreclosure Prevention Actions

**Home Retention Actions** - Repayment plans, forbearance plans, charge-offs in lieu of foreclosure, Home Saver Advances, and loan modifications. Home retention actions allow borrowers to retain ownership/occupancy of their homes while attempting to return loans to current and performing status.

**Repayment Plans** - An agreement between the servicer and a borrower that gives the borrower a defined period of time to reinstate the mortgage by paying normal regular payments plus an additional agreed upon amount in repayment of the delinquency.

**Forbearance Plans** - An agreement between the servicer and the borrower (or estate) to reduce or suspend monthly payments for a defined period of time after which borrower resumes regular monthly payments and pays additional money toward the delinquency to bring the account current or works with the servicer to identify a permanent solution, such as loan modification or short sale, to address the delinquency.

**Charge-offs-in-lieu of Foreclosure** - A delinquent loan for which collection efforts or legal actions against the borrower are agreed to be not in the Enterprises' best interests (because of reduced property value, a low outstanding mortgage balance, or presence of certain environmental hazards). The servicer charges off the mortgage debt rather than completing foreclosure and taking the property title. The borrower retains the property. The unpaid mortgage balance becomes a lien on the borrower's property, which must be satisfied when the borrower transfers ownership.

**HomeSaver Advance (Fannie Mae)** - An unsecured personal loan to a qualified borrower to cure his or her payment defaults under a mortgage loan the Enterprises own or guarantee. The borrower must be able to resume regular monthly payments on his or her mortgage.

**Loan Modifications** - Number of modified, renegotiated, or restructured loans, regardless of performance-to-date under the plan during the month. Terms of the contract between the borrower and the lender are altered with the aim of curing the delinquency (30 days or more past due).

**Nonforeclosure-Home Forfeiture Actions** - Short sales and deeds-in-lieu of foreclosure. These actions require borrowers to give up their homes. Although homes are forfeited, foreclosure alternatives generally have less adverse impact on borrowers and their credit reports than foreclosure.

**Short Sales** - A short sale (also called a preforeclosure sale) is the sale of a mortgaged property at a price that nets less than the total amount due on the mortgage (e.g., the sum of the unpaid principal balance, accrued interest, advanced escrows, late fees, and delinquency charges.) The servicer and borrower negotiate payment of the difference between the net sales price and the total amount due on the mortgage.

**Deed(s)-in-lieu of Foreclosure** - A loan for which the borrower voluntarily conveys the property to the lender to avoid a foreclosure proceeding.

### Section 3: Loan Modifications

**Increase** - Principal and interest after modification is higher than before the modification.

**No Increase** - Original principal and interest is unchanged after the modifications.

**Decrease <=20%** - Original principal and interest is decreased by 20 percent or less after modification.

**Decrease >20%** - Original principal and interest is decreased by more than 20 percent after modification.

**Extend Term Only** - Remaining term of the loan is longer after modification.

**Reduce Rate Only** - Loan's rate is lower after modification.

**Reduce Rate and Extend Term** - Loan's rate reduced and term extended.

**Reduce Rate, Extend Term, and Forbear Principal** - Modification includes term extension, rate reduction, and forbearance of principal.

**Other** - A modification that does not fit in any of the above categories. The majority of these loans are capitalized modifications.

### Section 4: Third-party Sales and Foreclosures

**Third-party Sales** - A third party entity purchases the property at the foreclosure sale/auction above the initial bid set forth by Fannie Mae or Freddie Mac.

**Foreclosure Starts** - The total number of loans referred to an attorney to initiate the legal process of foreclosure during the month. These are loans measured as not being in foreclosure in the previous month but referred to foreclosure in the current month.

**Foreclosure Sales** - The number of loans that went to foreclosure (sheriff's) sale during the month.
