## 10. AGENCY TRACKING NUMBER ASSIGNED

Indicates that the agency has assigned an internal tracking number to your application. This is the last status that Grants.gov tracks. Updates beyond this must be checked with the agency directly.

***Note:** All agencies do not assign tracking numbers. If you do not see an agency tracking number, this does not infer that the agency did not receive or process your application. The assignment of tracking numbers is based on the policy of a particular agency.*

## 11. PACKAGING PROCESS

The application is still being processed and will be validated within the next 48 hours by Grants.gov.
