CHAPTER 7

ACTIVE/RESERVE DUTY AFTER RETIREMENT0701 ENTITLEMENT TO RECOMPUTATION OF RETIRED PAY

070101. General. A member of the [Armed Forces](#) who has become entitled to retired or retainer pay, and [later](#) serves on active duty (other than for training) is entitled to recomputed retired or retainer pay upon his release from [active](#) duty. A [retiree](#) or member eligible for retired pay who serves in an active status in the Selected Reserves may be entitled to [recomputation of their](#) Reserve retired pay, [if certain criteria described in paragraph 070102 or 070103, below, are met.](#)

070102. Active Reserve Service After Regular Retirement or Eligibility for Regular Retirement. A member who is entitled to regular retired pay or retainer pay based on years of active service (without regard to whether the member actually retired or received retired or retainer pay for regular service), and who serves in an active status as a member of a Reserve Component may apply for Reserve (non-regular) retired pay if the member:

A. Has attained the Reserve retired pay eligibility age of 60 years or such other reduced eligibility age as provided for in [Title 10, United States Code, section 12731\(f\)](#) ([10 U.S.C. § 12731\(f\)](#));

B. Has performed at least 20 years of service qualifying for a Reserve (non-regular) retirement; and

C. [Has](#) completed [after](#) October 28, 2009, 2 or more years of satisfactory service, as determined by the Secretary concerned, in [an](#) active status (excluding any period of active service). A member who [was](#) eligible for regular retired or retainer pay on or before October 27, 2009, [whose](#) service was determined to be satisfactory by the Secretary concerned, [is](#) not subject to the 2-year service requirement. See paragraph 070104 for exceptions to the 2-year requirement.

070103. Active Reserve Service After Reserve Retirement

A. A member [of the Retired](#) Reserve [serving](#) in an active status in the Selected Reserves [on](#) October 28, 2009, or who thereafter serves in an active status in the Selected Reserves is entitled to recomputation of Reserve retired pay if the member serves in such status for not less than 2 years.

B. A commissioned officer of the Retired Reserve who [is](#) recalled to an active status under the provisions of this paragraph [and](#) completes not less than 2-years of service in such active status is entitled to an adjustment in the retired grade, subject to service requirements.

070104. Exception to 2-Year Active Status Service. The Secretary concerned may reduce the minimum 2-year service requirement specified in subparagraph 070102.C and paragraph 070103 in the case of an officer of the National Guard who:

A. Completes at least 1 year of service in a position of adjutant general or assistant adjutant general; and

B. Fails to complete the minimum years of service solely because the appointment of the person to such position was terminated or vacated as provided by the laws of the State of whose National Guard he is a member, or by the laws of the Commonwealth of Puerto Rico, or the District of Columbia, Guam, or the Virgin Islands, of whose National Guard he is a member.

0702 RECOMPUTATION FOR ACTIVE DUTY SERVICE OR ACTIVE STATUS AFTER RETIREMENT

070201. Basic Recomputation Formula. A retired member who subsequently serves on active duty is generally entitled, after completion of that active duty, to retired pay recomputed by multiplying a revised retired or retainer pay base by a revised retired pay multiplier.

070202. Revised Retired or Retainer Pay Base. The retired or retainer pay base for a recomputation of retired pay differs depending on the date the member first became a member of the uniformed services and whether the recomputation is for subsequent service in the Selected Reserve or subsequent active duty in a Regular Component.

A. A member who after retirement or eligibility for retired or retainer pay serves in an active status in the Selected Reserves, subject to paragraph 070102 or 070103 of this chapter, is entitled to recomputed retired pay using the following retired pay base:

1. Before September 8, 1980. If the member first became a member of the uniformed service before September 8, 1980, then the retired pay base is the monthly basic pay determined at the rates applicable on the date the member completes the qualifying active Reserve service.

2. After September 7, 1980. If the member first became a member of the uniformed service after September 7, 1980, then the retired pay base used is the average of the member's high 36 months (whether or not consecutive) out of all the months before the member became entitled to retired pay by reason of election of retired pay under the provisions of this paragraph.

B. A member entitled to retired or retainer pay and who later serves on active duty, other than for training, is entitled to recomputed retired or retainer pay using the following retired pay base:

1. Before September 8, 1980. For a member who first became a member of the uniformed service before September 8, 1980, the revised retired or retainer pay base is the monthly basic pay of the grade determined as follows:

a. If the member has served less than 2 continuous years on subsequent active duty, then the revised retired or retainer pay base is the rate of basic pay under which the member's previous retired or retainer pay was computed upon entrance to subsequent active duty, increased by any applicable cost of living adjustments (COLA) issued during that period of active duty.

b. If the member has served 2 or more continuous years on subsequent active duty, then the revised retired or retainer pay base is the appropriate rate of basic pay of the grade and years of service to which eligible if retired (or transferred to the Fleet Reserve or Fleet Marine Corps Reserve) upon release from this period of active duty, using the pay tables in effect immediately prior to the tables under which the member was paid during the period of that active duty, increased by any applicable COLA adjustments issued during this period of active duty. In the rare case when a member serves for 2 or more continuous years of subsequent active duty under the same pay table and that table is in effect at the time of reversion to retired status, use the appropriate basic pay from that table.

2. After September 7, 1980. For a member who first became a member of the uniformed service after September 7, 1980, the revised retired or retainer pay base is the high-36 month average of all service, including subsequent active duty, as though retiring or transferring to the Fleet Reserve or the Fleet Marine Corps Reserve for the first time.

3. Optional Pay Base. A retired member entitled to recomputation of retired pay (for other than disability) after subsequent active duty, may elect to substitute the retired pay base in use upon entry to such active duty which is increased by any applicable COLA issued during the period of the subsequent active duty.

070203. Revised Retired Pay Multiplier

A. The years of service for determining the revised retired or retainer pay multiplier are those already credited in computing the original retired or retainer pay, plus all years of active service after having become entitled to retired or retainer pay.

1. Increase the years of service as follows:

	<u>YR</u>	<u>MO</u>	<u>DAY</u>
Date released from active duty	2004	05	28
Date recalled to active duty	<u>2001</u>	<u>09</u>	<u>09</u>
Additional time on active duty	02	08	19 + 1

(1 day added for inclusive dates)

Service credited upon retirement	22	06	03
Plus additional active duty	<u>02</u>	<u>08</u>	<u>20</u>
Service credited for recomputation	25	02	23

2. After computing, convert to years and fraction of years by crediting each full month of service that is in addition to the number of full years of service creditable to the member as one-twelfth of a year and disregard any remaining fractional part of a month.

B. A member described in paragraph 070201 will have the years of service computed in accordance with Title 10, Chapter 1223, pertaining to Reserve (non-regular) retirement.

C. The percentage to apply to the years of service for determining the revised or retainer pay multiplier is generally 2 1/2 percent for each year of service. However, a member who accepted the post July 31, 1986, reduced retirement (REDUX) and Career Status Bonus remain subject to a 1 percent reduction in the final multiplier for each year less than 30 years of service. This reduction to the final multiplier will be decreased as a result of the additional active service credited.

070204. Special Considerations for Recomputations. [The following subparagraphs address](#) special considerations for recomputation of [retired pay](#) for members who first became a member of [the uniformed services](#) before September 8, 1980 (Final Pay Members).

A. A retiree advanced in grade on the retired list while serving on active duty after retirement may decline advancement to the higher grade upon release from active duty if advancement results in a reduction in retired pay entitlement. The retiree is entitled to recomputation using either:

1. The higher grade based on the basic pay rates applicable at the time of retirement increased by [the](#) applicable COLA adjustment in that pay (see [Chapter 8](#)); or,

2. The grade held before advancement based on the basic pay rates replaced by those in effect upon release from active duty if active duty after retirement was for a continuous period of at least 2 years.

B. It is not mandatory that a retiree be advanced on the retired list. The retiree is “entitled” to be advanced, if the retiree so chooses. Once advanced, the retiree has retired pay rights determined under the section governing such advancement.

C. A retired officer recalled to active duty (other than for training) in the grade held on the retired list, under any law that authorized advancement on the retired list based on a special commendation for the performance of duty in actual combat, may have retired pay recomputed upon release from active duty based on that grade; and,

1. As prescribed in Table 7-1, rule 1; and
2. On the basis of the rates in effect upon release from active duty if the retiree received these rates for a continuous period of at least 3 years; or
3. On the basis of the rates replaced by those in effect upon release from active duty if the retiree did not receive the current rates for a continuous period of at least 3 years.

D. A retiree recalled to active duty after retirement and promoted in grade while on active duty may elect, upon release from that active duty, to have retired pay recomputed based on either:

1. The higher grade to which promoted in which the retiree served satisfactorily, if the member met service time-in grade requirements; or
2. The lower grade held at initial retirement.

E. A retiree recalled to active duty after retirement and demoted in grade while on active duty may elect, upon release from that active duty, to have retired pay recomputed based on either:

1. The grade to which demoted; or
2. The retired pay to which entitled in the grade held at initial retirement, increased by applicable COLA adjustments.

070205. Special Considerations for Disability Retirees

A. A member who reverts to retired pay after active duty with a new or aggravated physical disability rated at 30 percent or more may elect to receive:

1. The retired pay to which they became entitled when previously retired, increased by any applicable subsequent COLA adjustments, or

* 2. Retired pay recomputed using a revised pay base and revised retired pay multiplier. The revised pay base for a member under high-36 rules is described in subparagraph 070202.A. The revised pay base for a member under final pay rules is the highest monthly basic pay received while on active duty after retirement or after the date when placed on the temporary disability retired list (TDRL). The revised retired pay multiplier is as the member elects either 2 1/2 percent for each year of service creditable for a disability retirement or the highest percentage of disability, **not to exceed 75 percent**, attained while on active duty after retirement or after the date when placed on the TDRL.

B. A member who was retired for physical disability or whose name is on the temporary disability retired list who reverts to the retired list after subsequent active duty, but who did not incur a new or aggravate any existing physical disability while on the subsequent active duty, may elect to receive either:

1. Retired pay to which they became entitled when previously retired, increased by any applicable COLA adjustment, or

2. Retired pay as computed for a non-disability reversion under the provisions of paragraphs 070202 and 070203.

* C. A member who retired or became eligible to retire due to a physical disability, either on the permanent disability retired list (PDRL) or TDRL, [on or before January 7, 2011](#), may not have a retired pay multiplier in excess of 75 percent. [A member who first becomes eligible to retire or retires for a physical disability on or after January 8, 2011, shall not have their multiplier reduced if it is in excess of 75 percent.](#)

D. A member placed on the TDRL may not have a retired pay multiplier less than 50 percent.

0703 COST OF LIVING ADJUSTMENTS (COLA)

070301. [Application of COLA Increases](#). Apply COLA increases to recomputed retired pay in the same manner as for initial retirement. The first COLA after reversion to retired pay following a period of active duty may be a partial COLA depending upon the reversion date. When the recomputed retired pay is based on the original retired pay or the original retired pay base, apply all COLA increases from the date of initial retirement. Chapter 8 of this volume contains the annual COLA rates.

070302. [Compare Basic Pay Rates to "Tower Amendment" Provisions](#). See the provisions in Chapter 3, [section 0303](#), of this volume regarding the "Tower Amendment" to determine if basic pay rates authorized under that provision afford greater retired pay entitlement than those computed under this chapter.

0704 HEROISM PAY

070401. [Extraordinary Heroism](#). An enlisted member who has been credited by the Secretary concerned with extraordinary heroism in the line of duty during any period of active service in the armed forces and who is entitled to recomputation of retired pay based on subsequent active duty shall have the recomputation of retired pay increased by 10 percent.

070402. [Extraordinary Heroism and the Retired Pay Multiplier](#). The addition of heroism pay may not be allowed to increase the recomputed retired pay multiplier above 75 percent. For details on heroism pay see Chapter 1, [section 0107](#), of this volume.

0705 RETIREMENT PAY AND ACTIVE SERVICE

A retired member is not entitled to receive retired pay while serving on active duty or in an active Reserve status. See [Chapter 12 of this volume](#), Waiver of Retired Pay.

Examples of Retired Pay Recomputation After Recall to Active Duty

1. Final basic Pay Method

E-7 retired 8/1/2006 with exactly 27 years of service

Retired Pay Entitlement	\$4113.60 (E-7 over 26 1/2006 pay rates)
	X 67.5% (27 years X 2.5%) =
	\$2776.00 (Initial retired pay)

Recalled to active duty 6/1/2008 and released 5/31/2010

Pay Recomputations:

<u>10 USC 1402(a)</u> E-7 29 years	\$4521.00 (E-7 over 28 1/2009 pay rates*)
	X 72.5% (29 years X 2.5%)
	\$3277.00 (Recomputed retired pay)

<u>10 USC 1402(e)</u> E-7 29 years	\$4113.60 (E-7 over 28 1/2006 pay rates)
	X 72.5% (29 years X 2.5%)=
	\$2982.00
COLA (Partial) 12/06 2.8%	\$3065.00
COLA 12/07 2.3%	\$3135.00
COLA 12/08 5.8%	\$3316.00
COLA 12/09 0.0%	\$3316.00 (Recomputed retired pay)

<u>Saved Pay</u>	\$2776.00 (Initial Retired Pay)
COLA (Partial) 12/06 2.8%	\$2853.00
COLA 12/07 2.3%	\$2918.00
COLA 12/08 5.8%	\$3087.00
COLA 12/09 0.0%	\$3087.00

The 1402(a) recomputation utilizes a more current active duty pay table and the new total years of service.

The 1402(e) recomputation utilizes the pay table in effect at retirement, but uses the new service totals, and updated by applicable COLA's.

Saved Pay is the member's original retired pay entitlement, as updated by COLA.

Pay the highest of the 3 options.

*Use the active duty pay rates in effect on date of release only if the member received pay from that rate table for at least 2 years. If recalled for over 2 years, but did not receive pay from the same table for 2 years, then utilize the immediately preceding rates of active duty pay. If recall is less than 2 years, utilize the pay table in effect upon original retirement.

NOTES:

1. For a member who has been entitled, for a continuous period of at least 2 years, to basic pay under the rates of basic pay in effect upon release from active duty, compute under those rates. For a member who has been entitled to basic pay for a continuous period of at least 2 years upon that release from active duty, but who is not covered by the preceding sentence, compute under the rates of basic pay replaced by those in effect upon that release from active duty. For any other member, compute under the rates of basic pay under which the member's retired pay or retainer pay was computed when member entered on that active duty.
2. Before applying percentage factor, credit each full month of service that is in addition to the number of full years of service creditable to the member as one-twelfth of a year. Disregard any remaining fractional part of a month.
3. The amount computed, if not a multiple of \$1, shall be rounded to the next lower multiple of \$1. Any future adjustments to such pay must be made on the rounded figure. The rounded amount becomes the member's entitlement and any future adjustments shall be based on this rounded entitlement.
4. The reduction **only applies to a member who retired before January 1, 2007, with more than 30 years of creditable service who is recalled to active duty and serves on active duty for a continuous period of less than 2 years that ends after January 1, 2007.**
5. Alternatively, members eligible under rules 1 or 2 may elect to substitute the rate of basic or monthly retired pay base (high-36 average) under which the original retired pay was computed at the time of entering on this period of active duty (increased by any applicable adjustments in the COLA) for the amount in column C of the table.
6. Alternatively, members eligible under rules 3, 4 or 5 may elect to substitute the retired pay to which entitled when originally retired increased by any applicable adjustments in the COLA.
- *7. A member who was eligible for regular retired or retainer pay on or before October 27, 2009, whose service was determined to be satisfactory, is not subject to the 2-year requirement.
- *8. The 2-year service requirement may be reduced by the Secretary concerned if an officer of the National Guard completes at least 1 year of service in a position of adjutant general or assistant adjutant general and fails to complete the minimum years of service solely because the appointment to such position is terminated or vacated under applicable State or territorial law.
- *9. Total number of retirement points divided by 360. Carry the resultant figure to three decimal places, then round to two decimal places. EXAMPLE: 4735 retirement points divided by 360 = 13.152 or 13.15 years of service for percentage purposes (for the section 12731 retiree only) to be multiplied by 2 1/2 percent.
