

## U.S. Consumer Product Safety Commission 2004 Annual FAIR Act Inventory

In complying with Office of Management and Budget (OMB) instructions implementing the FAIR Act, CPSC is publishing inventories of its commercial and inherently governmental activities in the OMB specified format. As summarized, below, CPSC is designating 17 FTEs as engaged in commercial activities. The majority of our employees engaged in the inherently governmental public safety function of investigating product hazards and developing hazard reduction solutions.

We have previously contracted out staff positions that perform mail and driver services, laborer services, reproduction and library services, certain data analysis and data collection functions, consumer Hotline operation, and computer help desk and programming activities. In addition, on an as needed basis, we contract from commercial sources specialized product testing, technical evaluations, and litigation services. Existing contractual services procured by CPSC represents the equivalent of about 50 FTEs.

Our contact person is Edward E. Quist, Director, Office of the Budget, telephone 301-504-7655 or email equist@cpsc.gov.
