***Build on the research of others; eliminate research redundancy; quickly find out what other researchers are discovering; receive alerts on your latest science topics of interest; search 200 million pages of science from web pages and databases; get relevancy ranked results; easily download results for research.***

### A surprisingly powerful search engine

*One of the top ten "best in government apps at the moment ... a surprisingly powerful search engine ... and will certainly help your kids get an A on their science papers."*

—Government Computer News  
The 10 best federal mobile apps  
John Breeden II  
June 22, 2012

### Providing transparency

*"Nice to see our government providing some transparency as well as using authentic and well proven indexing and cataloging processes."*

—TaxoDiary  
Science.gov Beefs up Content  
Melody K. Smith  
February 10, 2011

### Covers just about everything

*"... don't tell the folks at Google, but there's a great way to search for all kinds of scientific and technical information without the pages and pages of ... 'targeted' ads. Science.gov covers just about everything ..."*
