WASHINGTON – Two Justice Department agencies, the Bureau of Justice Statistics (BJS) and the FBI, announced today that 2010 Uniform Crime Reporting Program data have been added to the online data access tool, [www.ucrdatatool.gov](http://www.ucrdatatool.gov). This table-building tool provides national- and state-level crime data from 1960 through 2010. The tool includes data from 1985 through 2010 for law enforcement agencies serving cities with populations of 10,000 or more and county law enforcement agencies with jurisdiction over populations of 25,000 or more. Not all data are available for each jurisdiction for each year.
