Right to Financial Privacy

Section 21(h) of the Securities Exchange Act of 1934 [15 U.S.C. 78u(h)(6)] requires that the Commission “compile an annual tabulation of the occasions on which the Commission used each separate subparagraph or clause of [Section 21(h)(2)] or the provisions of the Right to Financial Privacy Act of 1978 [12 U.S.C. 3401-22 (the RFPA)] to obtain access to financial records of a customer and include it in its annual report to the Congress.” During the fiscal year, the Commission issued 2 subpoenas under Section 21(h)(2)(A)(4). Set forth below are the number of occasions on which the Commission obtained customer records pursuant to the provisions of the RFPA:

Section 1104 (Customer Authorizations).....	13
Section 1105 (Administrative Subpoenas)	787
Section 1107 (Judicial Subpoenas).....	92
Section 1109 (Delayed Customer Notice).....	0

^{1/}Refers to matters at the investigative stage, and excludes those that are open solely due to litigation, collections, distributions, and other post-litigation activity. Also excludes investigations in the closing process. Previous years’ reports included aggregate count of open investigations at all stages. Advances in the Division’s case management systems now allow for more refined reporting of investigations at various stages. Since the count now refers only to ongoing investigations, the count is significantly less than the prior year’s count of investigations at all stages, and is not an indication of a decrease in investigative activity.

INVESTOR COMPLAINTS AND QUESTIONS

During FY 2011, the SEC's Office of Investor Education and Advocacy closed 33,632 files relating to complaints, questions, and other contacts received from investors. Comparable data for prior fiscal years is not available due to a change in reporting methodology.

Data are the value of all sales of equities and options listed on an exchange or subject to last-sale reporting. Also reported are the value of such options that were exercised, the value of single-stock futures that were delivered, and the number of round turn contracts in single-stock futures traded on an exchange. Specifically excluded are options and futures on indexes.

¹This is the number of round turn contracts, or one purchase and one sale of a contract for future delivery. Security futures began trading in November 2002.
