

UNITED STATES INTERNATIONAL TRADE COMMISSION

MELAMINE FROM JAPAN

(Investigation No. AA1921-162 (Second Review))

AGENCY: United States International Trade Commission.

ACTION: Termination of five-year review.

SUMMARY: The subject five-year review was initiated in August 2004 to determine whether revocation of the antidumping finding on melamine from Japan would be likely to lead to continuation or recurrence of dumping and of material injury to a domestic industry. On October 21, 2004, the Department of Commerce published notice that it was revoking the finding effective September 1, 2004 because “no domestic party responded to the sunset review notice of initiation by the applicable deadline” (69 FR 61794). Accordingly, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)), the subject review is terminated.

EFFECTIVE DATE: September 1, 2004.
