Product information, including uses/applications and source(s) of imports:

The subject products are dyes that are added to silver halide photographic film emulsions predominantly for silver halide color print paper. Color print papers have several layers sensitive to the elemental colors yellow, magenta, and cyan (negative photo print paper). The subject dyes are added to balance the sensitivities of the individual layers to achieve an overall best color match performance of the print paper. The subject dyes are imported from Germany.

Technical comments:⁴

None.

⁴ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
