**Technical comments:**<sup>3</sup>

The Commission suggests that the article description on page 1 of this report be used because it deletes “(9CI)” and presents the CAS number in front of the HTS subheading number.

<sup>3</sup> The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
